HexChem® 7061

HexArmor®

For workers who handle chemicals or deal with fluids of any kind, the HexChem® 7061 gloves put a barrier between workers' hands and dangerous contamination hazards. A full nitrile coating provides superior fluid and chemical resistance, while an extended gauntlet-style cuff provides extra arm coverage in case any splashes occur. Additional safety features include a 360° industry-leading cut-resistant interior liner that delivers level A4 cut protection, a superior wet/dry grip, and abrasion resistance on the palm. The 7061 is silicone-free, latex-free, and prop 65 compliant.

EN374 chemical resistance against:

(J) n-Heptane	Level 4
(K) Sodium hydroxide 40%	Level 6
(L)Sulphuric acid 96%	Level 3
(M) Nitric acid 65%	Level 5
(O) Ammonium hydroxide 25%	Level 2
(T) Formaldehyde 37%	Level 6

Attributes

Style:	Liquid/Chemical
Grip:	Wet or dry
Cuff style:	Extended gauntlet
Sizes:	6/XS through 11/XXL

Product features

- Nitrile full coating provides superior fluid and chemical resistance
- Superior wet/dry grip and abrasion resistance
- Full cut resistant interior liner provides 360° industry-leading cut resistance
- Extended 14" gauntlet style cuff provides extra arm coverage
- High dexterity and form-fitting
- Silicone-free
- Latex-free
- Prop 65 compliant
