LIFT, CLICK & GO!

Go to the next level with Tie Down Safety’s “best in class” mobile fall protection system. The Big Foot’s innovative design earned its own patent! This roof cart offers unparalleled portability as the lightest non-penetrating mobile fall protection system on the market. It ships job-site ready on a standard pallet with retractable handles that pin place. The Bigfoot is the newest addition to the Tie Down Safety mobile fall protection line. The Big Foot works on concrete, along with other substrates, without risking roof damage. Tie Down Safety maintains high standards and quality control through quality raw materials and components made in the USA.
