HexChem® 7071

HexArmor®

For workers who handle chemicals or deal with fluids of any kind, the HexChem® 7071 gloves put a barrier between workers' hands and dangerous contamination hazards. A full double-dip nitrile palm coating provides superior grip and abrasion resistance, while an extended gauntlet-style cuff provides extra arm coverage in case any splashes occur. Additional safety features include a 360° industry-leading cut-resistant interior liner and back-of-hand impact protection for some of the safest gloves on the market in this category.

(M) Nitric acid 65%	Level 5
(O) Ammonium hydroxide 25%	Level 2
(T) Formaldehyde 37%	Level 6

Attributes

Style:	Liquid/Chemical
Grip:	Wet or dry
Cuff style:	Extended gauntlet
Sizes:	6/XS through 11/XXL

Product features

- Nitrile full coating provides superior fluid and chemical resistance
- Full double-dip for fluid/liquid resistance
- Full cut resistant interior liner provides 360° industry-leading cut resistance
- Back-of-hand IR-X® Impact Exoskeleton™ with high-flex design
- Hi-vis color on back-of-hand enhances visibility and compliance
- Extended 14" gauntlet style cuff provides extra arm coverage
- High dexterity and form-fitting
