#KFGCM

Contender™

Aramid Cut-Resistant Composite-Knit Sleeves with Coolmax®

ASTM ANSI CUT LEVEL 4

CANADIAN MADE Quality

#KFGCM

2264 grams of cut protection.

FEATURES

- Composite-yarn outer layer features composite filament fiber encased with cut-resistant aramid fiber for ASTM cut-level 4 protection
- Inner layer is moisture-wicking Coolmax® for the ultimate comfort in hot working conditions
- Aramid sleeves come in two styles: regular tubular knit, or tapered knit, featuring wide, elasticized STAYz-UP™ biceps
- Fully washable (no bleach)

APPLICATIONS

Metal Handling
Automotive
Metal Fabrication
Welding

Contender™ sleeves feature an outer composite-knit layer, consisting of cut-resistant, aramid-encased, composite filament fiber yarn, rated ASTM cut-level 4 (2264 grams of cut protection). This style also features Coolmax® inner knit layer, for an unbelievably non-itchy, non-sweaty experience when the heat is on; Coolmax® is unrivalled when it comes to wicking moisture away from the body. Sleeves are suitable for intermittent thermal contact, and are available in three lengths, all with or without a thumb hole.

Note: KFGCMT styles feature a tapered design, where the 5" wrist portion is knit in a finer gauge, and the remaining upper portion in a bigger gauge for a more natural, tapered fit.

Tubular **12" (#KFGCM12), 18" (#KFGCM18), 22 (#KFGCM22)** lengths.
Tubular with thumbhole **10" (#KFGCM10TH), 12" (#KFGCM12TH), 18" (#KFGCM18TH), 22" (#KFGCM22TH)**

Tapered **18" (#KFGCMT18), 22 (#KFGCMT22)** lengths.
Tapered with thumbhole **18" (#KFGCMT18TH), 22" (#KFGCMT22TH)**
