Flame-Resistant Protex® Sleeves with STAYz-UP™ Armbands

#KPXT

These black Protex® sleeves are soft and comfortable, conforming to your arm contours for all-day comfort. They are made with cut- and flame-resistant Protex® yarn and offer durable ANSI cut-level A2 protection (605 grams of cut resistance). Double-layer sleeve with tapered knit for form-fitting comfort.

The tapered knit fit is combined with our STAYz-UP™ technology – an elastic armband with polymer dots that essentially eliminates any sliding or slipping of the sleeves. This updated STAYz-UP™ sleeve technology is sewn in our newly developed SMART-TENSION machine, giving the elastic armband twice the stretch and recovery of our last generation of sleeves.
