#KP1THV18

Cutban™

Hi-Viz Tapered Cut-Resistant Sleeves

#KP1THV18

These hi-viz Cutban™ sleeves are knit with a high-tenacity filament yarn that offers tough, durable ASTM cut-level 2 protection (650 grams of cut resistance). This single-layer sleeve is tapered at both ends for extra comfort. The bright yellow hi-viz color enhances safety and visibility.

The tapered knit fit is combined with our STAYz-UP™ technology – an elastic armband with polymer dots that essentially eliminates any sliding or slipping of the sleeves. This updated STAYz-UP™ sleeve technology is sewn in our newly developed SMART-TENSION machine, giving the elastic armband twice the stretch and recovery of our last generation sleeves.

Available in 18" (KP1THV18TH) and 22" (KP1THV22TH) length with thumbhole. Not for spark and flame applications.

Note: Styles feature a tapered design, where the 5" wrist portion is knit in a finer gauge, and the remaining upper portion in a bigger gauge for a more natural, tapered fit.

ASTM ANSI CUT LEVEL 2

650 grams of cut protection.

FEATURES

- Bright hi-viz yellow, ensures workers are seen. Great for compliance monitoring, and when working near fork lift traffic, or to identify workers with certain skill sets (ie first aider, under 3 months on the job, etc)
- Single-layer filament-yarn sleeves are tough and durable
- Tapered knit at both ends
- Elasticized STAYz-UP™ non-slip biceps
- Choice of two lengths
- Fully washable

APPLICATIONS

Metal Handling
Automotive
Metal Fabrication
