UOM: PR, LH, RH | XS - XXL | CE | 2131

NEW ERGOTECH HAND & WRIST PROTECTION

ERGOTECH products are made with Sorbothane a thermoset, polyether base, polyurethane material that combines high-energy absorption with faultless memory. Its liquid-solid properties allow it to simultaneously absorb shock and isolate vibration even at high frequency ratios. ERGOTECH anti-impact gloves are available in a variety of styles to suit specific worker's needs.

UOM: PR, LH, RH | XS - XL
