PRODUCT INFORMATION BROCHURE

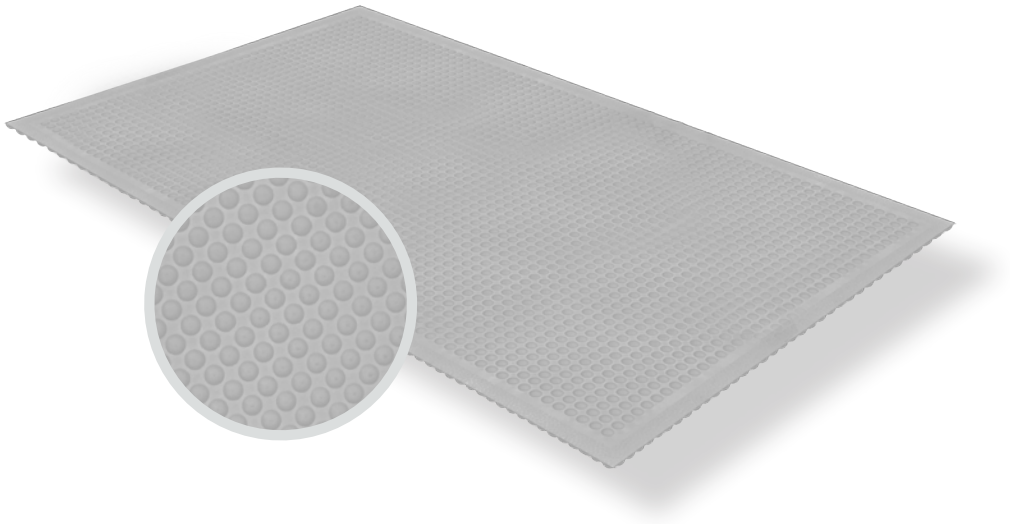

Justrite Safety Group

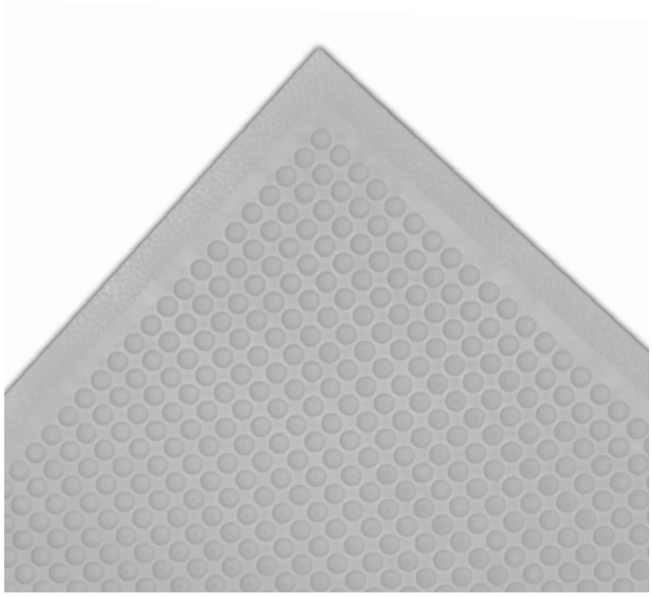

For over 70 years, the name Notrax® has meant superior quality, service, and innovative products. Now this brand is a cornerstone of Justrite Safety Group, offering the widest selection of products to a variety of markets and applications including entrance mats, anti-fatigue/safety mats, and products designed specifically for use in professional food service environments. Notrax® offers a complete selection of floor matting options to meet any application requirement, quality expectation, and budget.

- **Track record of manufacturing high quality mats for over seventy years**
- **All products are manufactured in ISO certified facilities**
- **Notrax® offers anti-fatigue matting, entrance matting, safety matting, food service matting and specialty mats designed for a variety of industries**

448 - AUTOCLAVEABLE BUBBLE MAT is a rubber anti-fatigue floor mat with a bubble top design. Offset bubbles on both the top and bottom of the mat provides flex and creates airflow resulting in maximum comfort for workers required to be on their feet for long periods of time. An industrial grade antimicrobial agent that inhibits the growth of most Gram positive and Gram-negative bacteria and fungus is manufactured directly into the rubber compound. This ensures that the antimicrobial properties won't wear-off over time like many post applied topical agents. Although intended for use in dry environments, the top surface design is easy to wipe clean and the durable rubber compound is highly resistant to many hospital grade cleaners and disinfectants so occasional spills can be cleaned up quickly and easily. Molded beveled edges on all four sides eliminates trip hazards by allowing for easy access onto and off the mat.

MODEL: 448

Material: Rubber

Features and Benefits:

- Anti-microbial formula resists most Gram-positive and Gram-negative bacteria
- Long-lasting rubber compound
- Rubber molded, anti-fatigue mat
- Bubbles are molded on an offset on the top and bottom of the mat to maximize flex and create air flow, all to enhance the ergonomic benefit
- Durable rubber top surface easy to wipe clean using most hospital grade cleaners and autoclaves
- Beveled edges on all 4 sides

⚠ **WARNING:** This product can expose you to chemicals including di-2-ethylhexyl phthalate and/or diisononyl phthalate which is known to the State of California to cause cancer, birth defects or reproductive harm. For more information, visit www.P65Warnings.ca.gov

APPLICATIONS

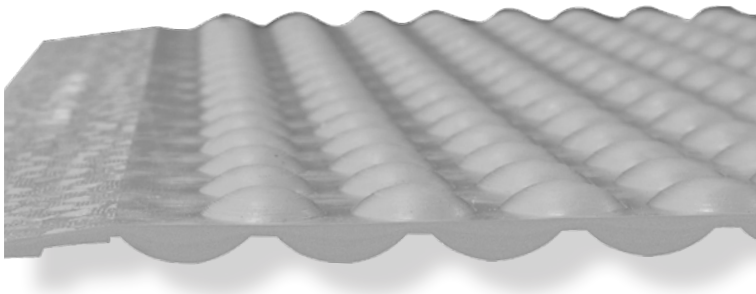

- Laboratories
- Operating Rooms
- Hazmat Rooms
- Radiology
