JENDYK ENTERPRISES

TRUSTED SINCE 1971

GLAD HAND LOCKS

GLAD HAND LOCK—Plastic

-Casting made in the USA from high strength polyethylene
-Red finish
-When ordered in volume each lock can be keyed alike to one key or each keyed individually
-Specific key numbers may be ordered to match existing keys
-Up to 300 keyed different lock numbers available

GLAD HAND LOCK—Metal

-Casting made in the USA from zinc alloy(16x impact strength of cast aluminum)
-Powder coated red finish (custom colors available upon request)
-When ordered in volume each lock can be keyed alike to one key or each keyed individually
-Specific key numbers may be ordered to match existing keys
-Up to 300 keyed different lock numbers available

EASY INSTALLATION

The JENDYK glad hand lock is applied to the emergency brake (red) connection of the trailer. This lock must be removed before the air line from the tractor can be connected and thereby release the emergency brakes on the trailer. An excellent way to dead-line a trailer.
