

NEW Outdoor Flammable Safety Cabinet

New Features

- Slanted top with rain gutter to guide rain or snow away from the cabinet opening.
- Fully welded Galvanneal 18 Gauge Steel double wall construction with 1 ½" gap for air space,16 times more corrosive resistance than regular steel creating a rust-resistant cabinet when outdoors.
- Stainless steel hinges
- Stainless steel paddle handle lock with three-point latching securing the contents.
- Stable trapezoid legs
- FM Approved (Pending)

Also Includes these standard features:

- Spill Slope shelves with fully welded sump
- Ground Screw
- Durable & Chemical –resistant powder coated paint
- UV Resistant
- Vent with built in flash arrestors
- Welded Shelf Hangers
- Leak Proof Sump

Safeguard your hazardous materials in Justrite's weather-resistant outdoor flammable safety cabinet

Justrite's Outdoor Safety Cabinet Details

Spill Control & Leak Collection
Patented SpillSlope® safety shelves direct spills to the back and bottom of the leakproof sump. 2in (51mm) leakproof containment sump holds leaks.

Stable Shelves
Welded shelf hangers interlock with the shelf to offer maximum stability, adjustable on 3in. (76mm) centers.

Lockable-U-Loc™
Stainless Steel Paddle latch handle includes a double key set or can be padlocked (not included).

Reliable Hinges
Continuous stainless steel piano hinges ensure your cabinet doors close smoothly and reliably for the life of your cabinet.

Automatic Closing Doors
Fusible links hold doors wide open and melt at 165°F (74°C) for automatic closure (on self-closing models) to prevent fire outside the cabinet.

Stable Trapezoid Legs
New 12 Gauge leg for durability and open design allowing tools to adjust, mount, or add accessories.
