Product that works.

ARCFLASH™

Nothing but True Colors

Protect yourself from low level arc flash hazards using the Sellstrom ArcFlash™ faceshield. Arc flash is created by an electric arc and can result in an explosive condition releasing electromagnetic energy, fragments and molten metals that can cause serious injury. Sellstrom's ArcFlash™ faceshield features a specially formulated anti-fog window that provides excellent color definition, giving the user the best possible VISION and PROTECTION they need to perform their job.

- Low level arc flash hazard protection
- Excellent color definition
- Arc Rating of 9.9 Cal/cm²
- Comfortable, durable ratcheting style headgear
- Specially formulated anti-fog window
- Meets ANSI Z87.1* - 2003 High Impact Standards
- Meets ASTM F-2178-06 Standards
- Meets NFPA 70E-2009 Standards
