CAPABILITY STATEMENT

Emergent Safety Supply (ESS) is a certified Woman-Owned Business and distributor of safety and janitorial supplies. ESS was established in 1985 and purchased by Mary Porter in 2011. Over the last several years, ESS has evolved from a local/regional focus into a national distributor.

Our mission is to help our customers save lives, reduce liability risks, and create a socially responsible reputation for putting employee safety as a corporate priority. ESS recognizes value-added service innovation originates with our learning culture and organizational flexibility to adapt and provide a unique customer safety experience.
