What To Expect From Us:

Partnership
We develop strong relationships with customers and vendors for successful supply chain practices and to best understand their businesses.

Innovation
Working closely with our customers we are able provide innovative solutions that increase efficiencies and decrease hazards; in addition to supplying quality products.

Responsiveness
We understand the competitive relevance to respond quickly to our customers needs; not just with our 24 hour standard delivery timeframe.

Proactiveness
From replenishment alerts based on customer usage to inventory management and more, we are proactive on your behalf in order to give you peace of mind.

Cost Competitive
Not only are our products competitively priced, we also work hard to implement solutions that reduce your overall safety costs and operations such as EDI and custom purchasing websites.

A LETTER FROM OUR CEO

Whose life are we going to help save today?

We know you have a choice when it comes to purchasing your safety supplies. There are larger distributors, big box retailers, and online giants who are in our field of work, but we're not order takers…**we are solution providers.** We bring relationship-based business to the safety industry. **And we're doing it because we know we're a part of a person's lifeline.** Each of our team members takes our cultural responsibility to heart in everything we do and that is why you'll see the difference with Emergent.

certified WBENC WOMEN'S BUSINESS ENTERPRISE

Emergent Safety Is A PROUD Women-Owned Business

Are you ready to see the difference a relationship-based business does for the safety and wellbeing of your organization?
