# Eastern Rail

Medical Equipment Catalog

The hospital equipment you need,
and a place to put it.

Table of Contents

TERMS

- No minimum orders are required !
- We can ship stock items, 95% of the time, on the same day you order them (or no later than the next day).
- If we can't ship immediately, we'll tell you right away, and let you know what we can do to expedite shipment.
- Can't find something? Have a special need or custom requirement? Ask, we'll be glad to help you.
- We have a toll-free telephone for your convenience.
- Our Customer Service Representatives are ready to help you, from 8:30 AM to 5:00 PM, Eastern Time. If you call after hours, our voice-mail system will record your message. We'll respond to you first thing the next business morning.
- Shipping and handling costs are prepaid and added to your invoice.
- There is a minimum 25% restocking fee.
- Our terms: 1% 20, net 30 days.

WARRANTIES

The Rail System at Work

The Eastern Rail System offers health care professionals advantages in the use of critical care equipment. It gives nursing personnel a simple and reliable way to mount critical care and support equipment near the patient, yet off the floor. YOU GET BACK VALUABLE FLOOR SPACE. Our system helps prevent breakage of expensive equipment. You'll experience reduced down time and less backup equipment. Having weight removed from the gas outlets reduces the risk of leaks and costly repairs.

The wall rail, when mounted to soundly constructed walls at conventional stud spacing of 16 inches, will support up to 150 Kg. per meter run (100 lb. per foot run) or up to 65 Kg. (143 lb.) at any point. Eastern Rail clamps and accessories fit most competitive rail systems.

Each wall installation requires three (3) mounting kits per 1000mm (1 meter) length of wall rail. Two types of mounting kits are available, #8002 Basic and #8003 Universal.
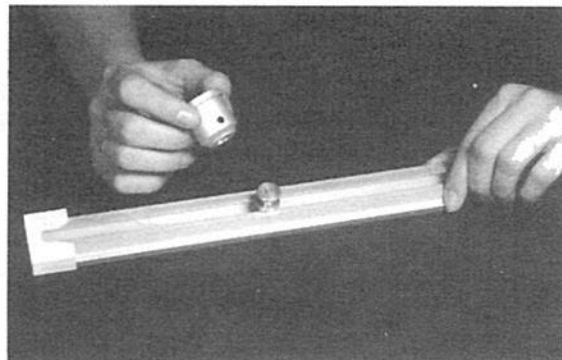

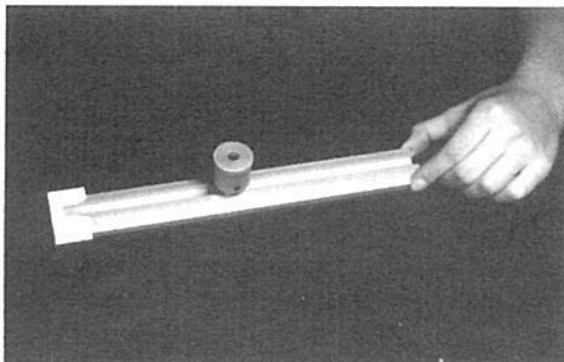

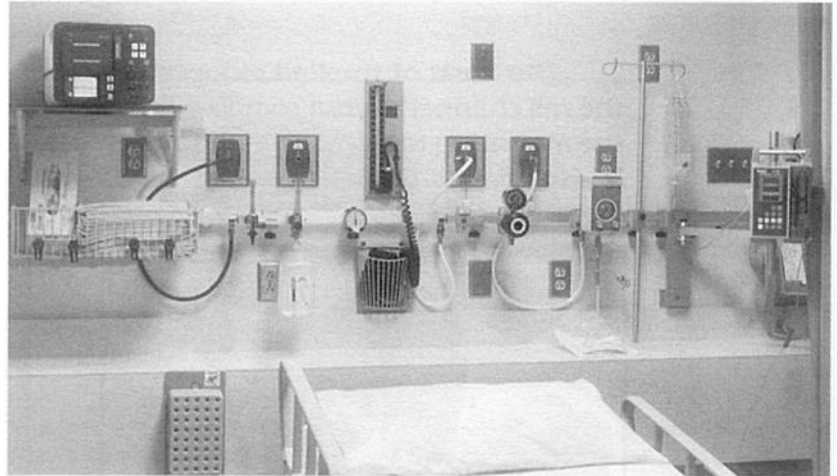

8000 Standard Rail
Standard Rail is 8 ft. in length and can be custom-cut to your exact length specifications at no additional cost. The cost is based on your actual order length, rounded up to the nearest foot length.
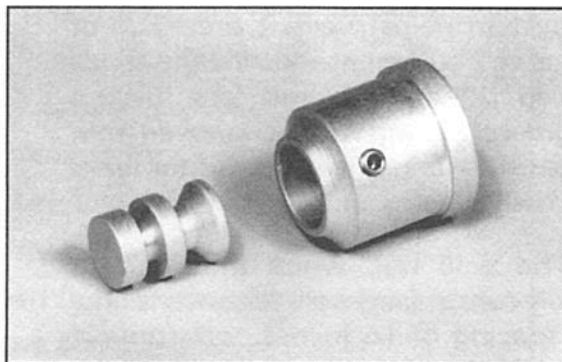

Mounting Kits

The basis of the Rail mounting system is the bobbin, which may be slid along the rail channel to your required position. This infinitely variable positioning enables the mounting to be made at any point dictated by the structure of the wall or surface. It also enables the rail to be removed, when required for wall redecoration, without disturbing the mounting kits.

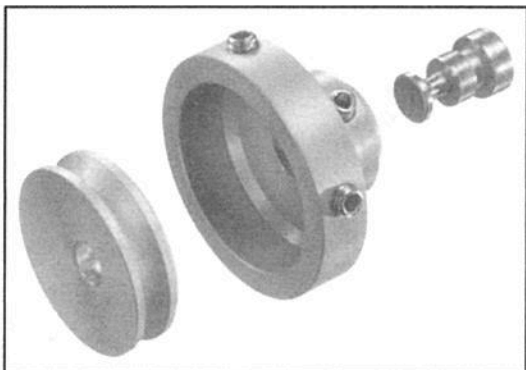

8003   Universal Mounting Kit
This kit provides greater wall surface contact area than our Basic Mounting Kit. It includes a Base Mount to position rail from the wall, Eccentric Adjusting Ring for easy leveling of rail on the wall, bobbin to attach rail, and 3 set screws for locking.

8002   Basic Mounting Kit
Includes Base Mount to position rail from the wall, bobbin to attach rail, and set screw for locking.

Rail Mounting Accessories
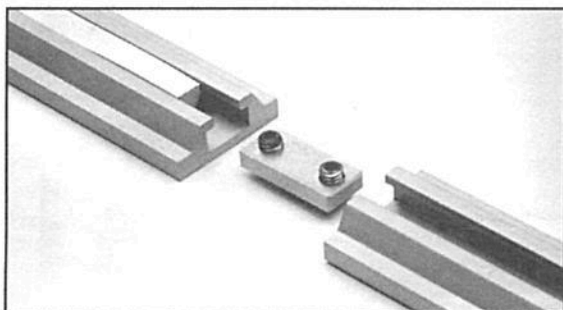

8004   Joiner Kit
The Joiner Kit is used to field join two pieces of Standard Rail (#8000) when the overall length requirement is over 8 feet.
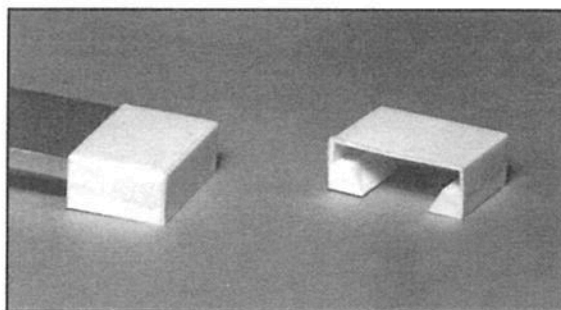

8005   Plastic End Caps for Standard Rail (#8000)
Made from a soft white plastic, end caps slip easily onto the end of the Standard Rail (#8000). End caps provide excellent protection from sharp edges and are aesthetically pleasing.

If you don't see it here, please give us a call — We have what you need.

Vertical Mounting System

8040 Vertical Rail Mounting Kit
Vertical Rail Mounting Kits slide inside the channel of the vertical rail. The kit includes one tee, one spacer and one flat socket cap screw. The kit allows a simple and fast means of spanning two wall-mounted vertical rails with a section of our Standard Rail. The number of vertical mounting kits required for each section of Standard Rail depends on the distance to be spanned.

8020 Vertical Rail Channel
Vertical Rail Box Channel provides a flexible method of mounting one or more levels of our standard rail onto a wall. Height adjustments can be done easily at any time with just a hex wrench. Vertical Rail is custom-cut and predrilled to your exact length specifications, at no additional cost. Your cost is based on your actual order length, rounded up to the nearest foot length. End Caps and drywall mounting hardware are provided. Standard Rail (#8000) and Vertical Rail Mounting Kits (#8040) are not included but are required to complete a Vertical Rail System. Order these parts separately.
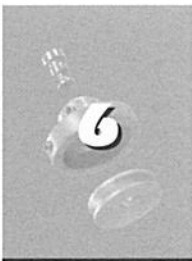

Heavy-Duty Rail System
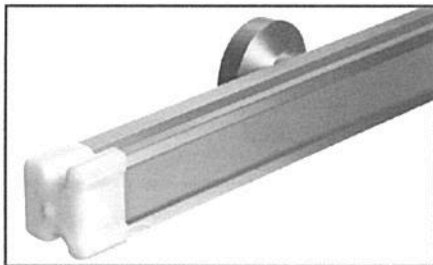

8012 Heavy-Duty Rail
Heavy-Duty Rail provides an alternative to standard rail. Heavy-Duty Rail can be used to span windows or other open spaces. It can also be used to mount numerous heavy items. Heavy-Duty Rail is custom cut to your specifications, and includes a decorative color laminate. Mounting to wall requires #8003 Universal Mounting Kits. Mounting Kits and Rubber End Caps (#8007) are sold separately.

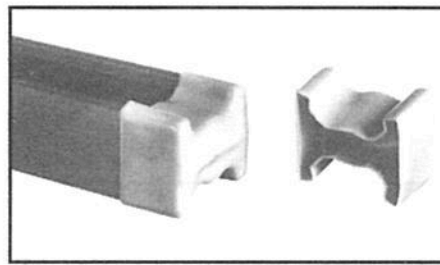

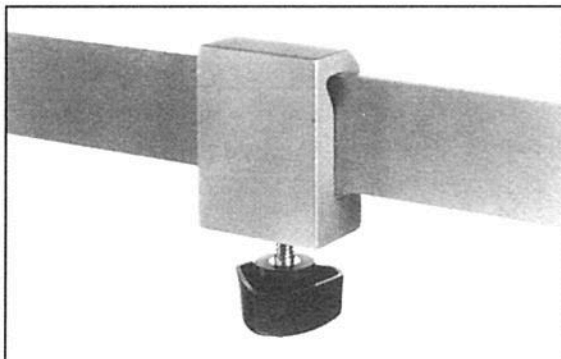

**8007 Heavy-Duty
End Caps**
Made from a soft white plastic, these Heavy-Duty End Caps slip easily onto our Heavy-Duty Rail. End Caps provide excellent protection and are aesthetically pleasing.
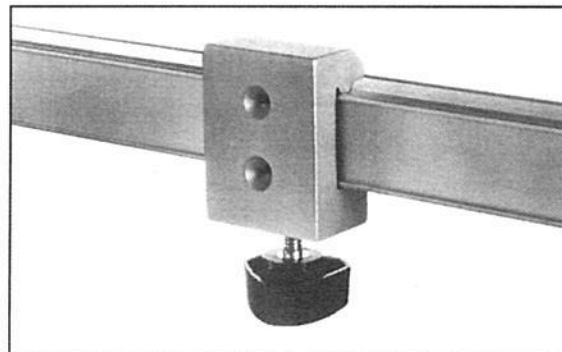

Rail Clamps

9777   Blank Rail Clamp
The Blank (no predrilled holes) Clamp is used to custom-mount your equipment to either the Standard or Heavy-Duty Rail. Includes knob.
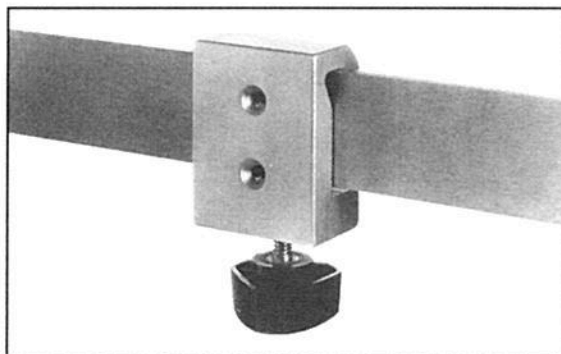

9777F   Fairfield-Style Blank Rail Clamp
This clamp fits Fairfield-Style Systems.

9861F   Fairfield-Style Rail Clamp
Fairfield-Style Rail Clamp, predrilled and tapped, 10/32" with 7/8" spacing. Includes knob. It is used to mount our products onto Fairfield-Style Rail systems.

9861   Rail Clamp
Rail Clamp, pre-drilled and tapped, 10/32" with 7/8" spacing. Includes knob.

9862   Rail Clamp
Rail Clamp, predrilled and counterbored, 10/32" with 5/8" spacing. Includes knob.

9862F   Fairfield-Style Rail Clamp
Fairfield-Style Rail Clamp, predrilled and counterbored, 10/32" with 5/8" spacing. Includes knob. It is used to mount our products onto Fairfield rail systems.

9862B   Rail Clamp
Rail Clamp with basket-mounting hardware. Predrilled and counterbored, 10/32" with 5/8" spacing. Includes knob backplate and hardware for mounting baskets.

9862FB   Fairfield-Style Rail Clamp
Fairfield-Style Rail Clamp with basket-mounting hardware. Predrilled and counterbored, 10/32" with 5/8" spacing. Includes knob backplate and hardware for mounting baskets to Fairfield-Style Rail.

AVAILABLE IN ALL GASES

(Oxygen Shown)

Kit I   Single to Double Outlet
I Ea. 2 Ft. Rail & Mounting Hardware
I Ea. Double Gas Block D.I.S.S./Check
I Ea. 3 Ft..High-Pressure Hose D.I.S.S. X D.I.S.S.
Please specify gas.

Simple Outlet Expansion allows your hospital to use its existing outlets, and to create the number and placement of outlets needed. Simply mount a length of our rail on the wall—attach the needed outlets to the rail with our thumb screw clamp—attach a length of high-pressure hose to the block, and run it back to your existing outlet.
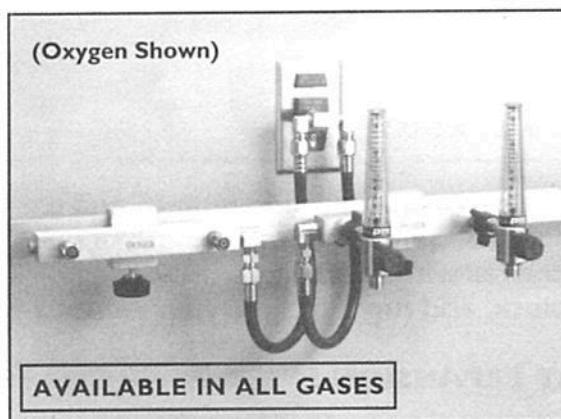

THAT'S SIMPLE OUTLET EXPANSION !

- Easy external mounting—no need to shut down the unit.

- No more weight on outlets—shift the weight of humidifiers & suction bottles to the rail.

- Eliminate overloading.

- Reduce outlet leakage.

- Save time and money.

- Increase efficiency.

- Works with all piping systems.

- Have outlets where you need them NOW !

Simple Outlet Expansion (cont'd)

AVAILABLE IN ALL GASES

(Oxygen Shown)

Kit 2   Single Outlet to Each Bed
2 Ea. 2 Ft. Rail & Mounting Hardware
2 Ea. Single Gas Blocks D.I.S.S./Check
2 Ea. 3 Ft. High-Pressure Hose, D.I.S.S. X D.I.S.S.
I Ea. Gas Wye D.I.S.S./Check
Please specify gas.

AVAILABLE IN ALL GASES

(Oxygen Shown)

Kit 3   Single and Double from I Outlet
2 Ea. 2 Ft. Rail & Mounting Hardware
I Ea. Single Gas D.I.S.S./Check*
I Ea. Double Gas D.I.S.S./Check
2 Ea. 3 Ft. High-Pressure Hose D.I.S.S. X D.I.S.S.
I Ea. Gas Wye D.I.S.S./Check
* Flowmeters Extra Cost.
Please specify gas.

(Oxygen Shown)

AVAILABLE IN ALL GASES

Kit 4   Double Outlet to Each Bed
2 Ea. 2 Ft. Rail & Mounting Hardware
2 Ea. Double Gas Blocks D.I.S.S./Check*
2 Ea. 3 Ft. High-Pressure Hose D.I.S.S. X D.I.S.S.
I Ea. Gas Wye D.I.S.S./Check
* Flowmeters Extra Cost.
Please specify gas.

(Oxygen Shown)

AVAILABLE IN ALL GASES
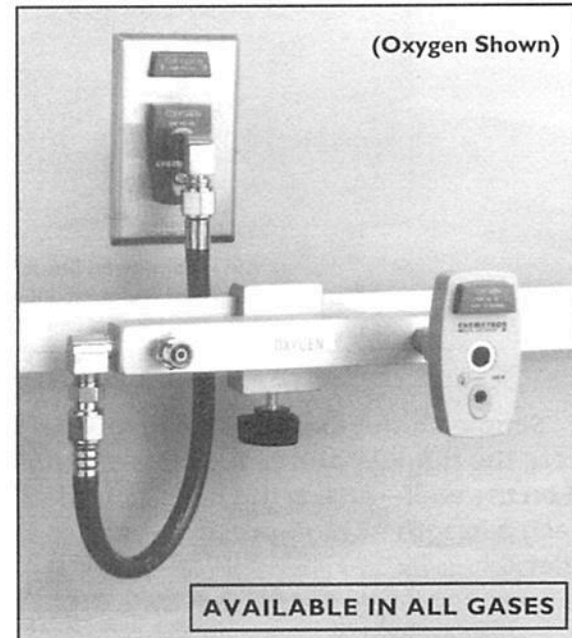

Kit 5   Double Outlet - D.I.S.S. and Quick Connect
Same as Kit I.
Female Quick Connect Extra Cost.
Please specify gas.
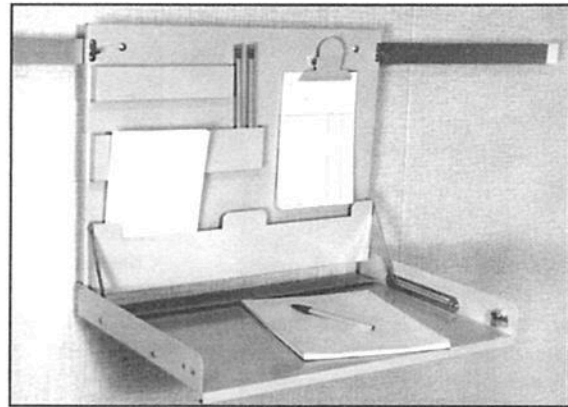

Shelves, Trays, & Storage Boxes

Shelf comes complete and assembled.
It includes rail mount clamps.

Stainless steel shelves.
9808 Shelf, Small, 17 5/8" x 14 1/8".
9809 Shelf, Medium, 27 1/8" x 14 1/8".
**9810 Shelf, Large, 37" x 14 1/8".**

9900   Fold-up Desk, 15" x 20" x 3".
Rail Mount Clamps (as shown) extra.

9884   A Multi-Compartment Tray
For holding and organizing various patient care items.
18" x 8 1/2" x 4". Mounts to wall, drywall mounting
hardware included. Rail Mount Clamps (as shown) extra.

9825   Aluminum Utility Storage Box,
7" x 7" x 5 1/4".
Mounts to wall, drywall mounting hardware included.
Rail Mount Clamp (as shown) extra.

Organizer Baskets

Features:
Coated wire; holds & displays catheters, dressings, sterile packs, emergency supplies, etc.; easy to maintain—no dust or dirt collection; helps eliminate tape on walls; saves money by eliminating packed drawers and damaged, lost or dirty supplies; attachments available for Pole or Rail Mount.
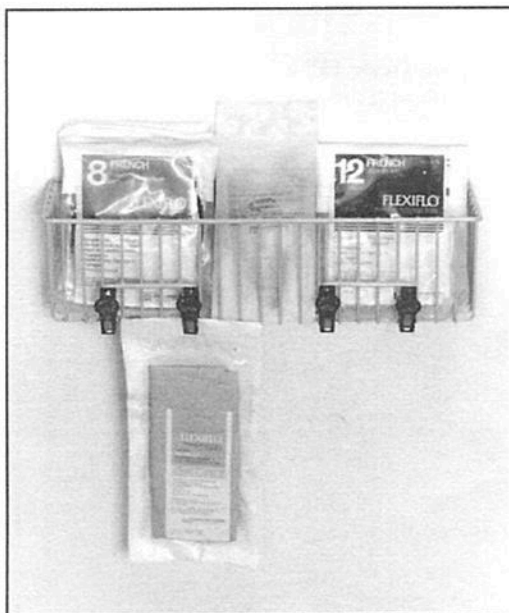

200 2-Basket Set, 19 1/2" x 10" x 5 1/4".
Complete set includes 4 pre-mounted organizer clips for immediate needs, and hardware for drywall mounting.
200C 2-Basket set with clamp for pole mounting.
200R 2-Basket set with clamps for Rail System Mount.

300 2-Basket Set, 19 1/2" x 5 1/2" x 5 1/2".
Complete set includes 4 pre-mounted organizer clips for immediate needs, and hardware for drywall mounting.

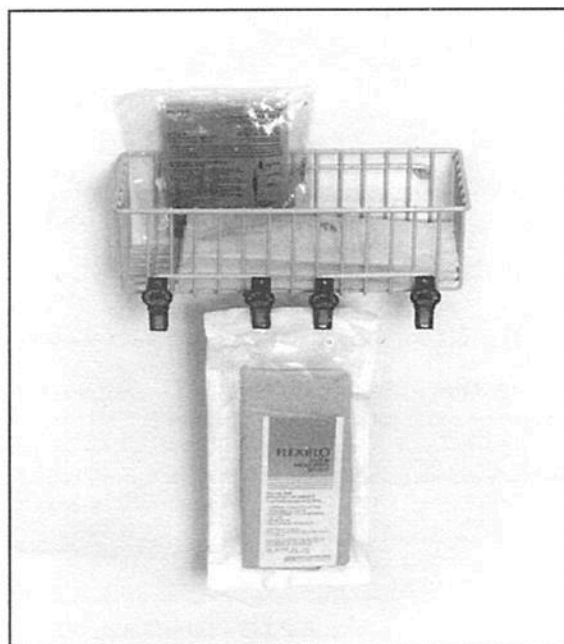

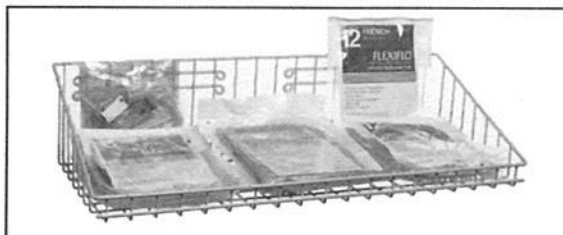

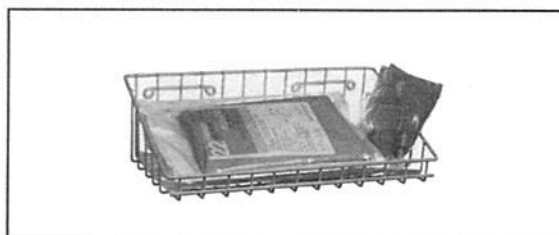

400 2-Basket Set, 13" x 6 1/2" x 4".
Complete set includes 4 pre-mounted organizer clips for immediate needs, and hardware for drywall mounting.

**800   Basket Shelf, 2-Basket Set,
24" x 11" x 5 1/2".**
This basket shelf for bulk supplies has a safety lip on the front to prevent spills. It comes with drywall mounting hardware only. Rail mounting clamps are available at extra cost.

**810   Basket Shelf, 2-Basket Set,
15" x 8 1/2" x 4 1/2".**
This basket shelf for bulk supplies has a safety lip on the front to prevent spills. It comes with drywall mounting hardware only. Rail mounting clamps are available at extra cost.

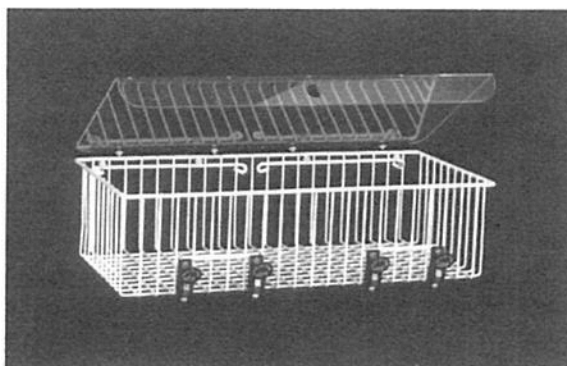

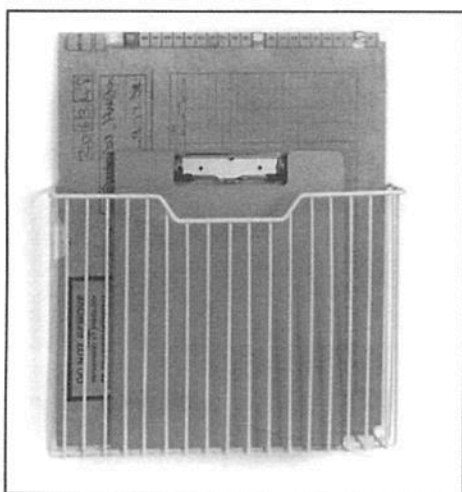

**900   Resuscitation Basket with Lockable Clear Plexiglass Lid, 19 1/2" x 10" x 5 1/4".**
The locking lid to this basket is made of clear Plexiglass. Save time and confusion. There's no need to inventory emergency code supplies every shift—you can see them! Wall or rail mount. Secure with breakaway tab seals.

**700   X-Ray Utility Baskets, 2-Basket Set,
12" x 15" x 2 1/2".**
Features: coated wire basket; holds and displays for easy access, all standard X-rays, charts, etc.; easy to maintain; helps eliminate confusing drawer storage; attachments available for Rail or Pole mount. Hardware for drywall mounting only.
Applications: walls, doors, beds; ICU, CCU, NICU; Emergency Rooms; step-down units; nursing stations; radiology areas.
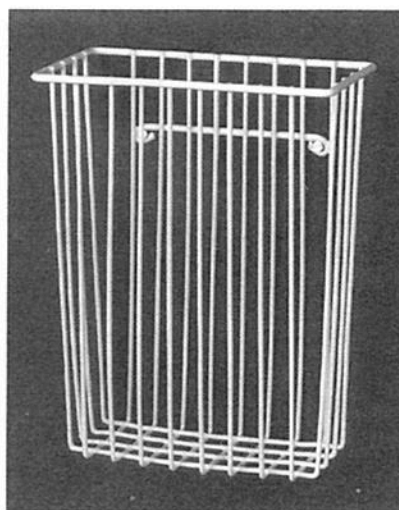

**600   Mouth-to-Mask Resuscitator
2-Basket Set, 9" x 4 1/2" x 11 1/2".**
Position these baskets where you need them, by each bed. They help eliminate nurses' exposure.

Organizer Kit & Glove Box Holders

Kit 100 Multi-use Organizer Clip Kit

Included in this kit are: 2 ea. 24" anodized aluminum rails; 4 ea. plastic end caps; 12 ea. Slide-Along Tension Clips (6 per rail); Hardware for drywall mounting.

Features: no assembly required; organizes supplies; neatly holds sterile packs, gloves, dressings, tubings, catheters, etc.; eliminates problem of tape on the wall.

Applications: ICU, CCU, NICU; nursery areas; respiratory care; emergency rooms & carts; step-down units; nursing stations.

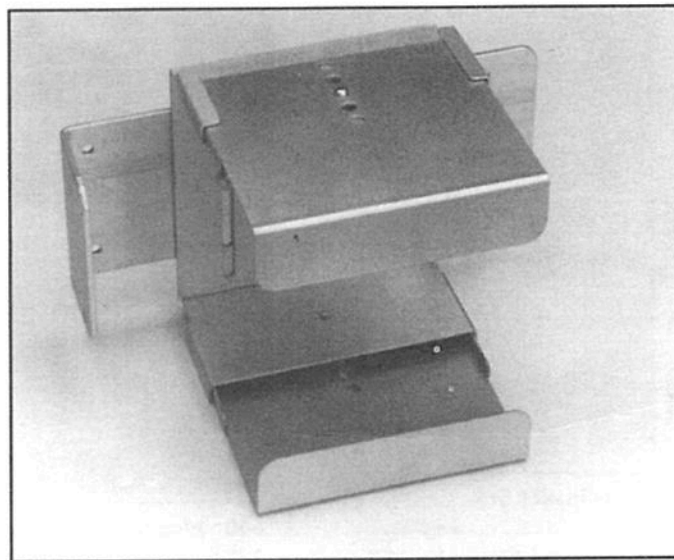

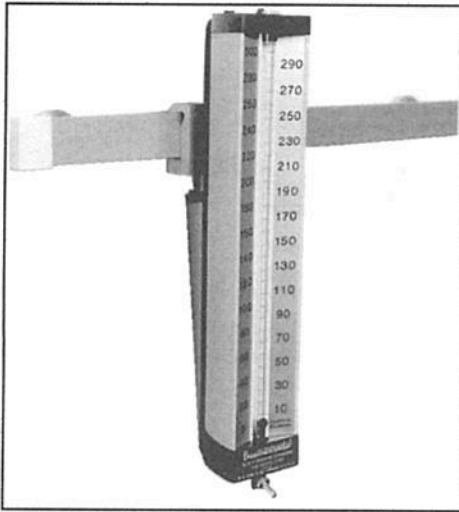

9952   Adjustable Glove Box Dispenser

This wall-mounted glove dispenser fits most size boxes. It adjusts out to 7 1/2", is 5" deep and is made of solid aluminum construction. It's a convenient step-saver for medical staff.
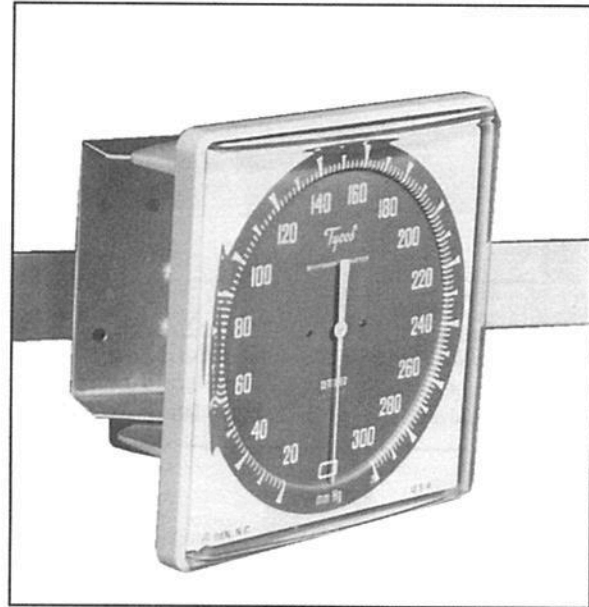

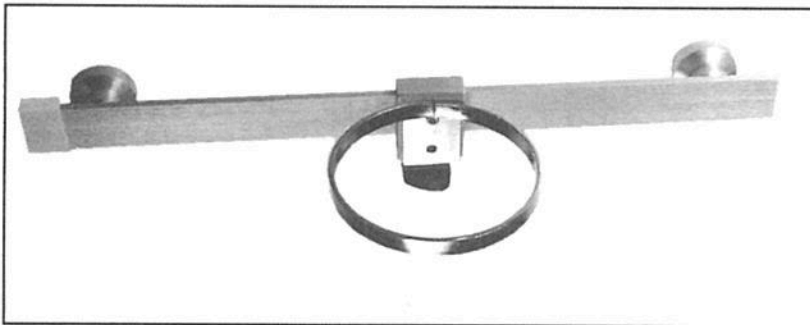

9867   Baum Manometer Holder
Includes bracket to mount Manometer and rail clamp. Manometer available at extra charge.

9865   Tycos Manometer Holder
Has standard mounting bracket for Tycos and rail clamp. This manometer is available at extra cost.

9888   Suction Canister Holder
For standard canisters up to 4 3/4" ID.

9901   Pole-Mounted Pressure Gauge Holder
For "Bird" Back Inlet Gauges. Opening is 2 5/8" ID.
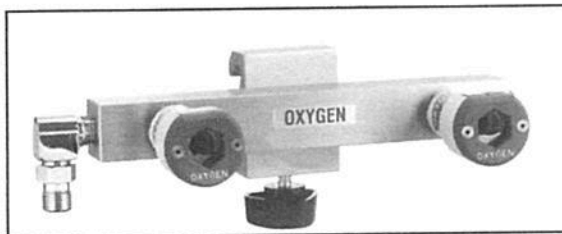

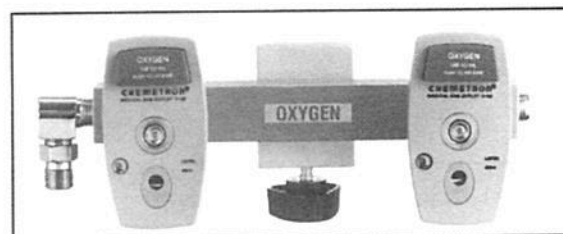

Rail-Mounted Double Gas Blocks

Oxygen

9800   Double Oxygen Block with D.I.S.S. Male Fittings
Has Check Valves; inlet can be installed left or right.

9843   Double Oxygen w/Ohmeda-Style Couplers
Inlet can be installed left or right.

9846   Double Oxygen Block w/Puritan Couplers
Two Puritan Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.

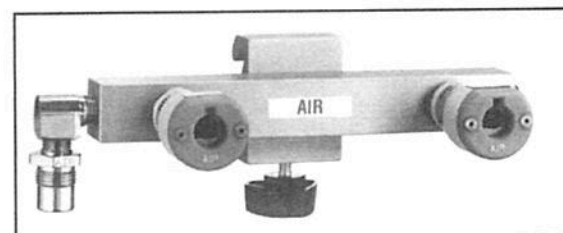

9814   Double Oxygen Block w/Chemetron Couplers
Two Chemetron Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.

Air

9845   Double Air Block w/Ohmeda-style Couplers
Ohio Couplers, D.I.S.S. inlet and clamp.
Inlet can be installed left or right.

9847   Double Air Block w/Puritan Couplers
Two Puritan Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.

9850   Double Air Block w/Chemetron Couplers
Two Chemetron Couplers, D.I.S.S. inlet and clamp.
Inlet can be installed left or right.

Note: Hose Assemblies are found on page 35

If you don't see it here, please give us a call — We have what you need.

Rail-Mounted Double Gas Blocks (cont'd)
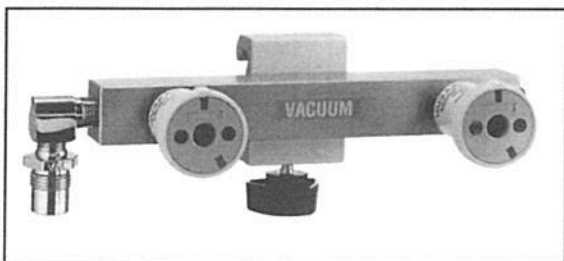

Vacuum

9962 Double Vacuum Block w/Puritan Regulators
Two Puritan Regulators included. Inlet can be installed left or right.

9848 Double Vacuum Block w/Puritan Couplers
Two Puritan Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.

9841 Double Vacuum Block w/Ohmeda-Style Couplers
Two Ohmeda-style Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.
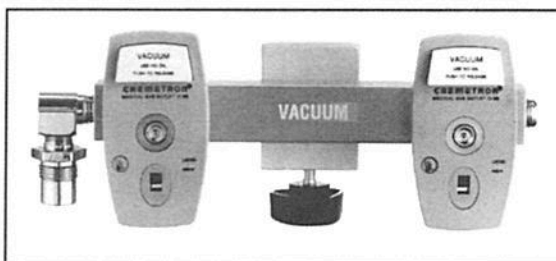

9821 Double Vacuum Block w/Chemetron Couplers
Two Chemetron Couplers, D.I.S.S. inlet and clamp. Inlet can be installed left or right.

9963 Double Vacuum Block w/ Chemetron Regulators
Two Chemetron Regulators included. Inlet can be installed left or right.

Note: Hose Assemblies are found on page 35

Rail-Mounted Single Gas Blocks

9794 Single Oxygen Block w/Ohmeda-style Coupler
One Ohmeda-style Coupler, D.I.S.S. bottom inlet and clamp.
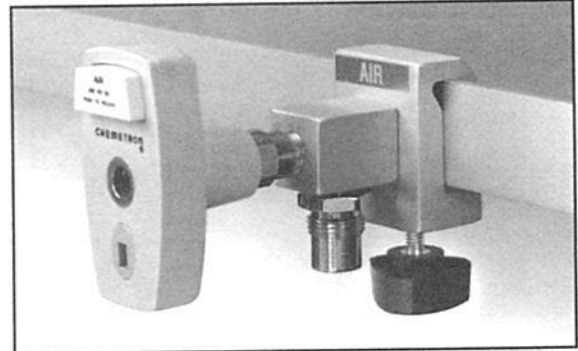

9793 Single Air Block w/Chemetron Coupler
One Chemetron Coupler, D.I.S.S. bottom inlet and clamp.

9791 Single Vacuum Block w/Chemetron Coupler
One Chemetron Coupler, D.I.S.S. bottom inlet and clamp.
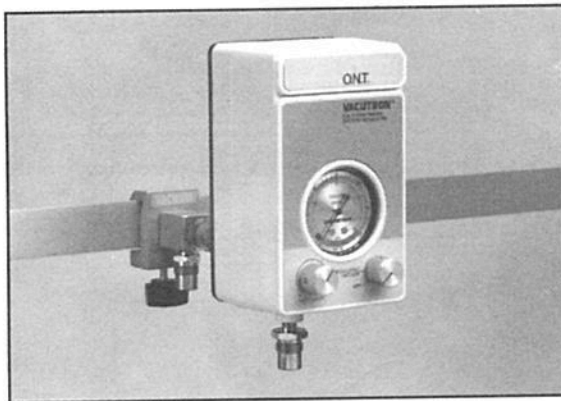

9854 Single Vacuum Block w/Chemetron Regulator
One Chemetron Regulator included, D.I.S.S. bottom inlet and clamp.

9855 Single Vacuum Block w/Puritan Regulator
One Puritan Regulator included, D.I.S.S. bottom inlet and clamp.

Note: Hose Assemblies are found on page 35
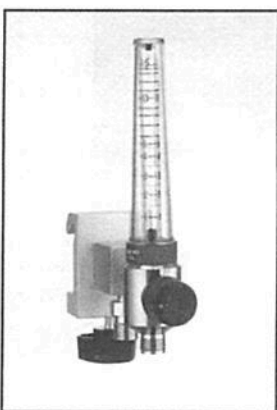

Rail-Mounted Single Gas Blocks (cont'd)

9803 Single Oxygen Block with Auxiliary Outlet
One D.I.S.S. male check valve, auxiliary outlet with check on the side, and a D.I.S.S. bottom inlet.

9880 Single Oxygen Block with Puritan Coupler
One Puritan Coupler, bottom inlet and clamp.

9879 Single Oxygen Block with Flowmeter
0-15LPM Flowmeter included, D.I.S.S. bottom inlet and clamp.
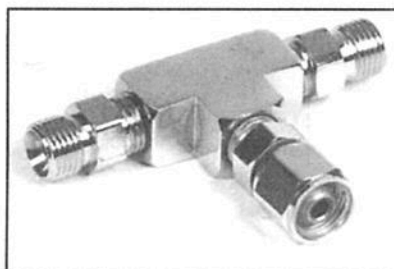

9798 Oxygen Tee with Check
Oxygen Tee with one (1) check valve and standard D.I.S.S. fittings. Mout to the back of any ventilator to add multiple outlets. Power ventilator and outlets with one (1) hose.
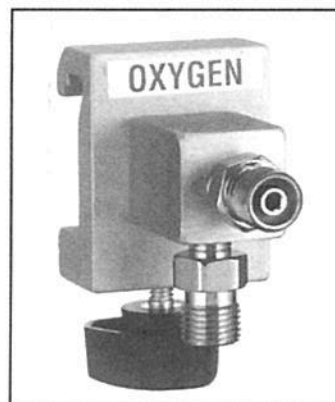

9789 Single Oxygen Block
One male D.I.S.S. check valve, one D.I.S.S. inlet and clamp.

Wye-Connections 90°

9817 Wye-Oxygen
D.I.S.S. female inlet and D.I.S.S. male outlets with check valves. All Wyes can be made up with any style male adaptor and/or female couplers.
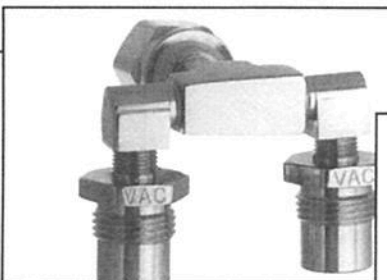

9818 Wye-Air
D.I.S.S. female inlet and D.I.S.S. male outlets with check valves. All Wyes can be made up with any style male adaptor and/or female couplers.

9819 Wye-Vacuum
D.I.S.S. female inlet and D.I.S.S. male outlets with check valves. All Wyes can be made up with any style male adaptor and/or female couplers.

Note: Hose Assemblies are found on page 35

Articulating Arms
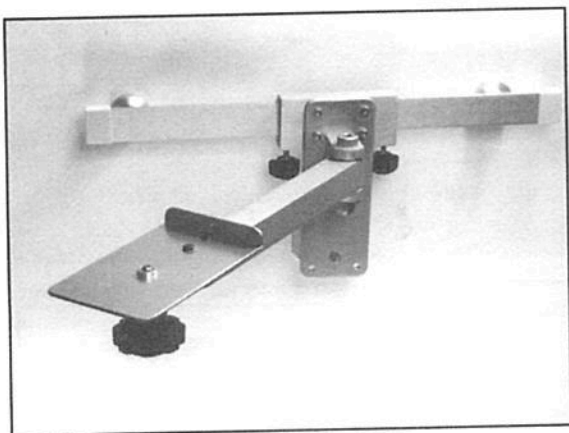

9863 I Vac Single Swing Arm
Single Swing Infusion Pump Holder for I VAC. Can be rail- or wall-mounted.

9919S Single Swing Arm w/36" IV Pole
Single Swing Arm, for holding Infusion Pumps, Infant Ventilators, etc. Can be rail- or wall-mounted. Adjustable IV Pole included.
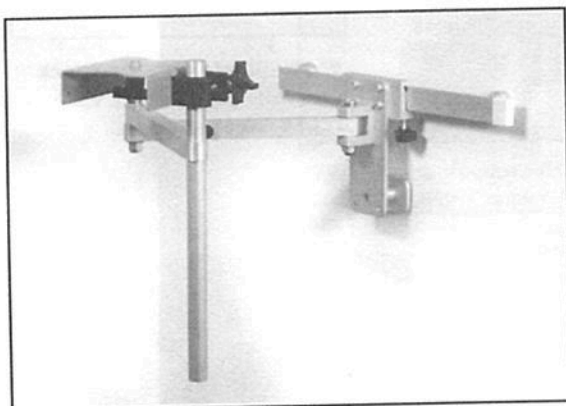

9864 Double Swing Arm Infusion Pump Holder
Swing Arms can be rail- or wall-mounted. Pole consists of upper portion (4") and lower portion (11-1/2") which thread together. Pole can be inverted. Proper wall support for mounting is mandatory.
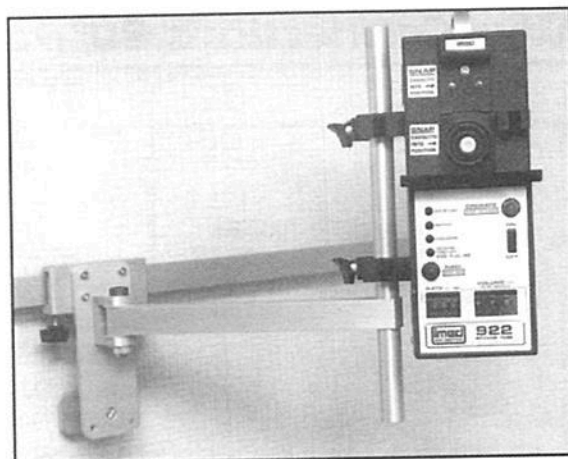

9919 Infusion Pump Holder
Very useful in gaining more floor space. Same as #9919S but no IV Pole.

VENTILATOR WORK MADE EASY!

Let us offer you a custom quotation. Is your ventilator budget tied up because of the new government regulations? EASTERN RAIL SYSTEMS offers you a custom package, to upgrade your existing equipment, at minimal cost. Easily utilize accessory equipment that you have already purchased and now use. Cut costs due to loss and breakage, while upgrading with a cost-effective rail system. Improve and save!

Mounts easily on ventilator, all hardware included. Accommodates all Eastern Rail accessories, some examples are:

- Resuscitator Bag Holder
- Channel Clamp - Blenders, etc.
- Chart Holder - Plastic
- All-Purpose Hook - Charts, Drip Feed
- Pole-Type Monitor - Hudson, Bunn, Criticon, etc.
- IV Pole & Holder
- Negative Inspiratory Force Meter Holder
- Gauge Holders - Bottom & Back Inlet
- Utility Catch-all Box
- Ventronics Monitor Holder
- Wright Respirometer Holder
- Boehringer Respirator Holder
- Condensation Pole Holder
- Two Extra Oxygen Outlets, High-Pressure Hose, Oxygen Tee & Checks

3100 Bear I, II & III Rail System & Support Arm Holder
Large bolts mount rail system to existing support arm mounts. Uprights are 12" above ventilator.

3101 Bear I, II & III Rail System
Same as #3100 but includes two 6" side rails for additional mounting space.

3700 Bear 5 Ventilator Rail System
Includes all mounting hardware. Uprights are 22", crossrails are 18-3/8" (for 3700S & 3750 also).

3700S Bear 5 Ventilator Rail and Printer Shelf
Includes all mounting hardware. Shelf and paper tray measure 14-3/4" x 13-3/4".

3750 Bear 5 Ventilator Rail, Shelf and Printer
Includes all mounting hardware. Shelf and paper tray measure 14-3/4" x 13-3/4". Includes printer.

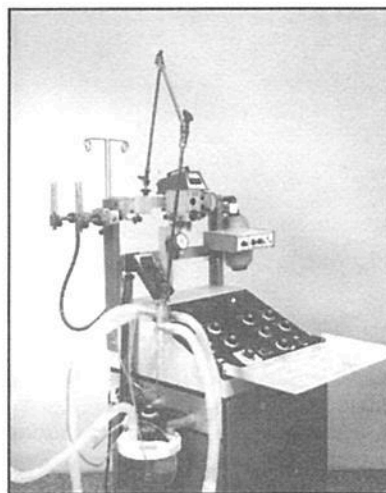

2600 MA-1 Ventilator Rail
MA-1 Ventilator Rail System & Support Arm Holder. Double equipment rail and two 6" side rails for additional equipment.

Ventilator Rail Systems (cont'd)
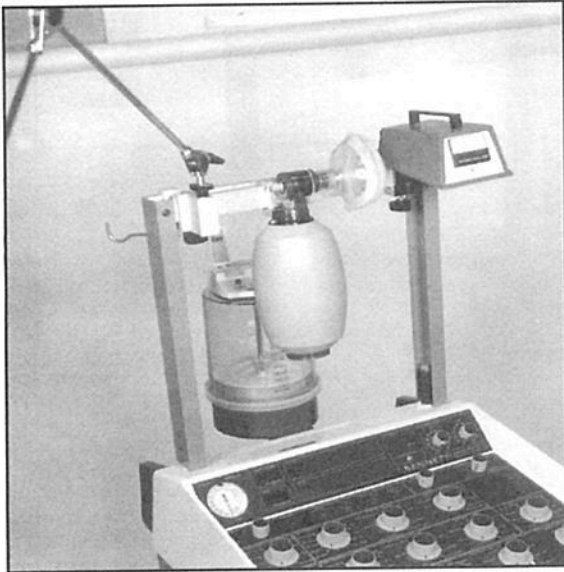

3000 MA-2 and MA-2 + 2 Ventilator Rail System
Has support arm holder and mounts to existing support arm threads. Includes all mounting hardware. Uprights are 18", crossrails are 17".

3800 Bird Ventilator Rail System
System includes mounting hardware to attach to ventilator side rails. Uprights are 17 3/4", crossrails are 18".

**3400 Puritan Bennett #7200 Ventilator Rail System**
Mounts to top of ventilator by attaching to existing support arm holders. Support arm attaches to mounting arm. Includes all mounting hardware. Uprights are 15", crossrails are 21-3/4".
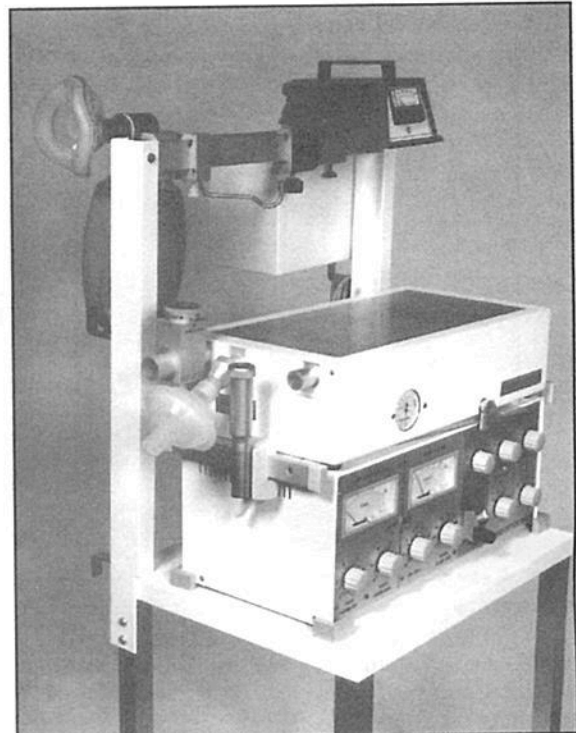

3104 Servo-Ventilator Rail System
Mounted Rail system includes all mounting hardware. Uprights are 26", crossrails are 19".
3105 New Style Servo-Ventilator Rail System

3801   Newport Ventilator Rail
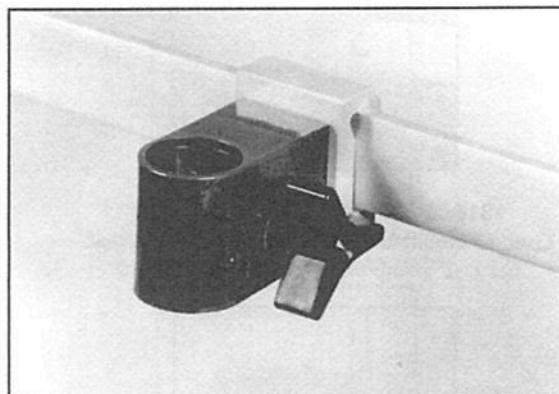

9889   Condensation Pole Holder
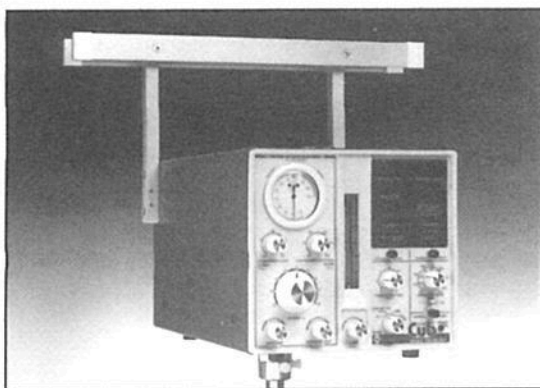

3250   Bear Cub Rail System
Includes all mounting hardware. Uprights are 10",
crossrails are 20".

3300   Sechrist Infant Ventilator Rail System
Includes all mounting hardware. Uprights are 10",
crossrails are 20".

9953B   Servo Ventilator Protection Cover
Eliminates inadvertent setting changes and protects against
spills. For #900 B.

9953C   Servo Ventilator Protection Cover
Eliminates inadvertent setting changes and protects against
spills. For #900C.
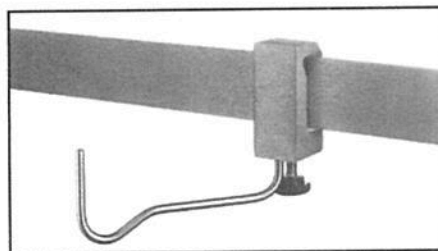

Ventilator Accessories

9816   Pole-Type Monitor Holder
Used to mount any monitor or instrument that
has a 'C' clamp to an existing rail system.

9896   Pole-Mounted Gas Outlet

9787   General-Purpose Hook
Moves from side to side. Rail-mounts saline bags,
catheters, continuous-feed bags for ventilator's
humidifier.
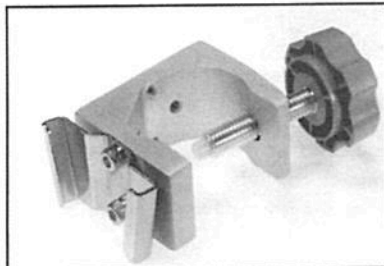

9908   Pole-Mounted Dovetail Clamp
For mounting Catalyst Analyzers and Oximeters.
Fits up to 1-1/4" diameter pole.

9778   Channel Clamp (Rail-mounted)
Standard female channel and clamp.
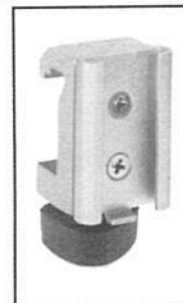

9783   Channel Clamp Servo Mount
Used with Servo ventilators, this clamp has a
small male slide for Siemens blenders, etc.

9902   Channel Clamp (Pole-mounted)

9933   Channel Clamp (Wall-mounted)

If you don't see it here, please give us a call — We have what you need.

Ventilator Accessories (cont'd)

9781   Support Arm Holder
Has a threaded fitting which accepts
most ventilator support arms.

9782   IV Pole Holder
IV Pole Holder with adjustable thumb screw for 1/2"
diameter poles. Includes rail-mounting clamp.

9779   IV Pole with 2 Ram's Horns
12" long and 1/2" in diameter. To mount to ventilator
or wall rail system, #9782 IV Pole Holder is required.
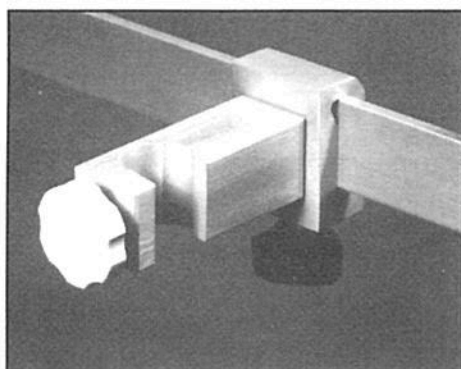

9823   General-Purpose Clamp
Accommodates up to 1" diameter pole. Includes
adjustable thumb screw and rail-mounting clamp.
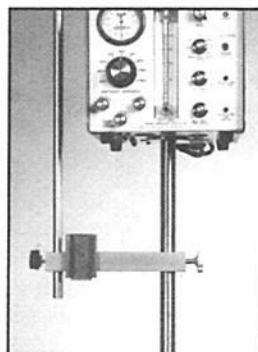

9898   Bird Humidifier Holder
Includes pole and is pole-mounted.

9887   Cascade/Bracket
For Rail-mounting Cascade heaters.
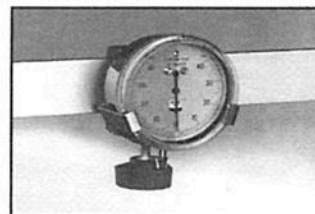

9829   Gauge Holder
This holder utilizes 3 prongs to hold bottom-inlet gauges,
such as NIF meters and all types of manometers.

9895   Continuous Feed Pole for Ventilators
Threads into existing support holders. Single Ram's Horn
holds feed system. Top of pole threaded to accept
support arm. 9" anodized aluminum pole and hook.

Ventilator Accessories (cont'd)
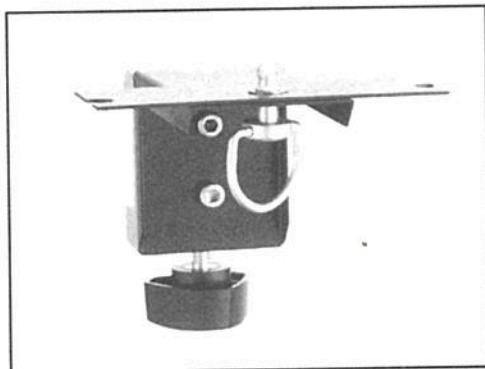

9806 Ventronics Old-Style Monitor and Pressure Alarm Holder
Fits all models with bottom key lock. Comes with bracket and clamp.

9989 Teledyne (TED 60) Oxygen Analyzer Holder
This holder comes with a clamp.
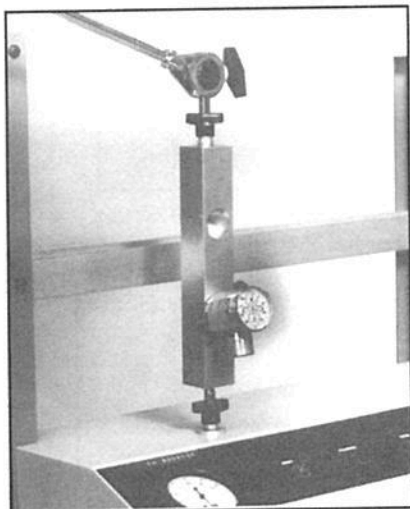

9875 Respirometer Holder
Wright, Boehringer Ventilator Mount.

9860 New Style Ventronics Holder
Holds Ventronics #5572 Oxygen Analyzer, comes with a bracket and clamp.

9893 I.L. Holder (406) Ohio #601
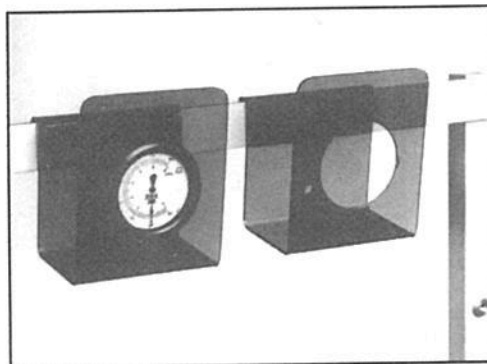

9830 Gauge Holder
Back inlet, i.e. Bird.

9988 Beckman/Teledyne #100 & #160 Oxygen Analyzer Holder

If you don't see it here, please give us a call — We have what you need.

Miscellaneous Components

Life Jackets

5050 Life Jackets
Rescues Mark 8, Mark 14, Mark 25. All models are complete and include a rubber cover, 'O' rings, and a woven lanyard. Respirometers not included.

5051 Life Jackets, Grey
Rescues RM 121 and FH 311. All models are complete and include a rubber cover, 'O' rings, and a woven lanyard. Respirometers not included.

5052 Life Jackets, Red
Rescues Mark 12, Mark 20, and Halo Scale. All models are complete and include a rubber cover, 'O' rings, and a woven lanyard. Respirometers not included.

Monitor & Cylinder Holders
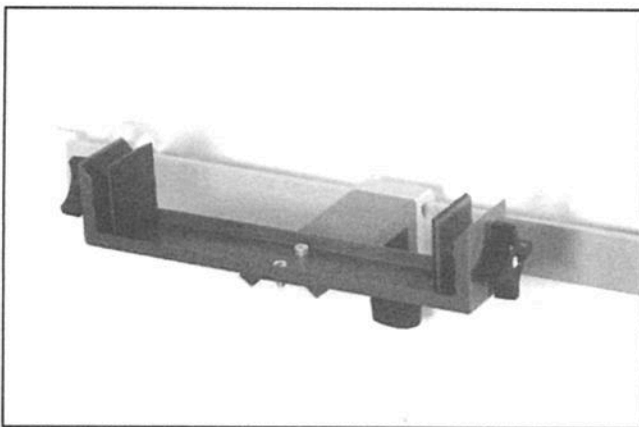

9970 Monitor Holder—Adjustable 6 1/2" to 9"
Adjustable by thumb screws to 6 1/2" to 9". Easily holds small monitors without proper mounting brackets.

9971 Monitor Holder—Adjustable 8 1/2" to 13"
Adjustable by thumb screws to 8 1/2" to 13".
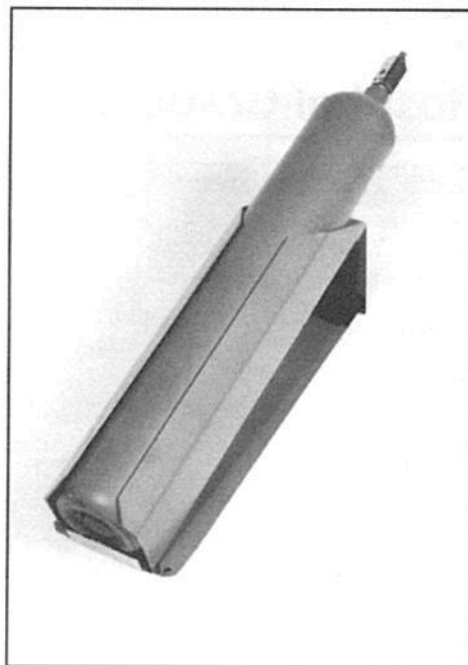

9913 Cylinder Holder, Gurney Mount
9914 Cylinder Holder, Wall Mount
9915 Cylinder Holder, Rail Mount

Miscellaneous Components (cont'd)
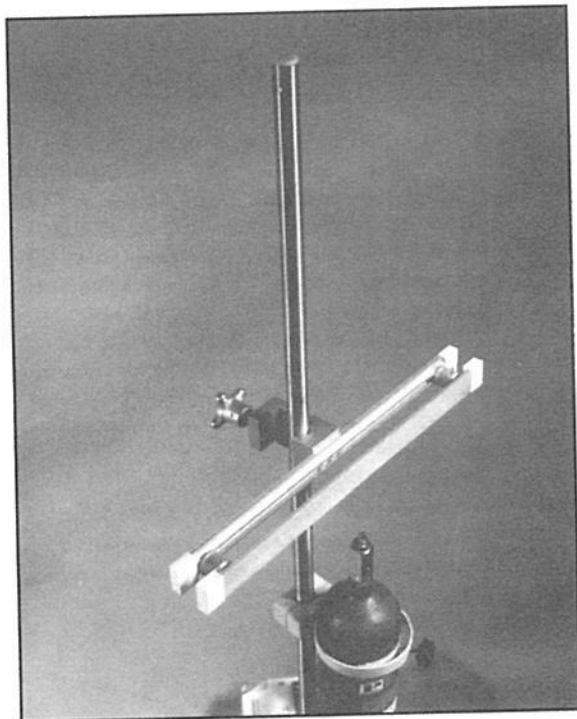

6500   Pole-Mounted Rail System
Includes two 24" rails and pole clamp. Assembled, pole clamp fits up to 1 1/2" diameter pole.
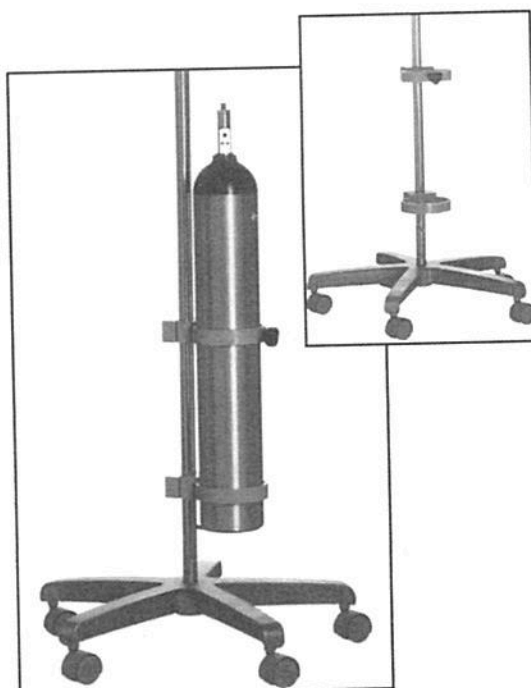

9899   Cylinder Holders for "D" or "E" Cylinders.
Attach to poles or handles for holding oxygen cylinders; excellent for use with transport incubators. IV Pole sold separately.

Hospital-Grade Electrical Outlets
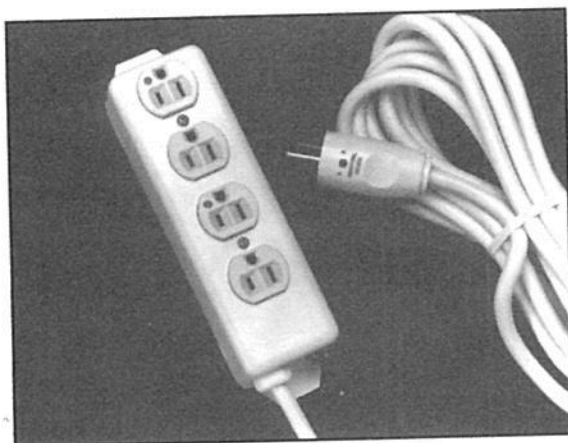

9977   4 Outlets
Hospital-grade outlet comes with a 15-foot cord.
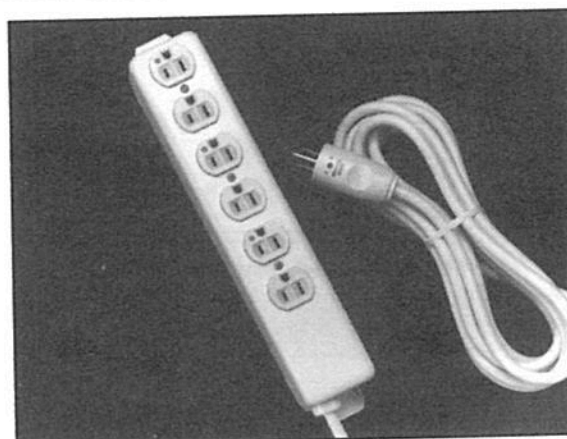

9978   6 Outlets
Hospital-grade outlet comes with a 15-foot cord.
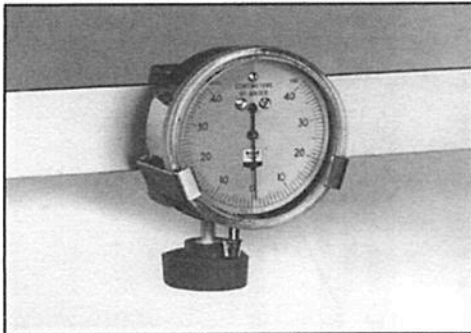

If you don't see it here, please give us a call — We have what you need.

Miscellaneous Components (cont'd)

9829   Gauge Holder
This holder utilizes 3 prongs to hold bottom-inlet gauges, such as NIF meters and all types of manometers.
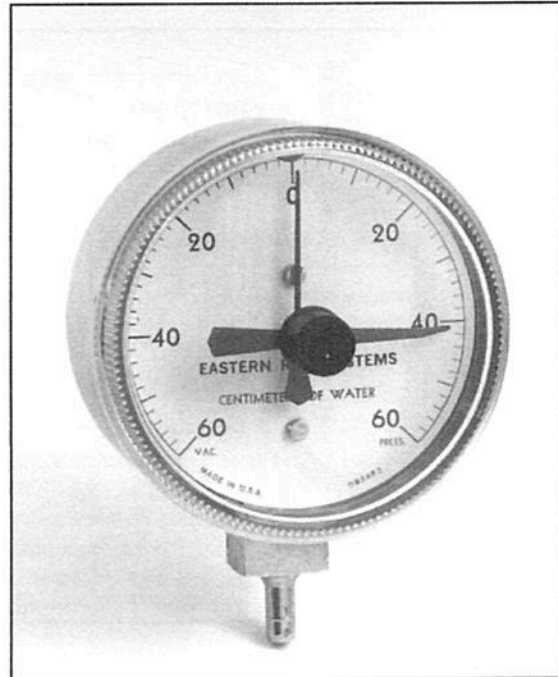

5065   Negative Inspiratory Force Meter with Maximum Effort Indicator
(+60 to -60 CM H_2O)

5075   Yoke-Type Regulator for "E" Cylinder
5070   Nut & Gland-Type Regulator for Large Cylinders
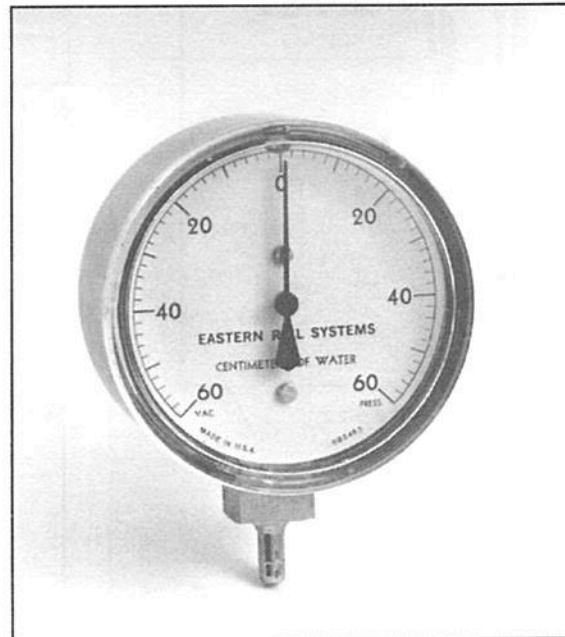

5060   Negative Inspiratory Force Meter with Standard Face Plate
(+60 to -60 CM H_2O)

Exam Room Equipment Rail System

9872   Railmount Bracket for Welch Allyn Odoscope
Scope not included
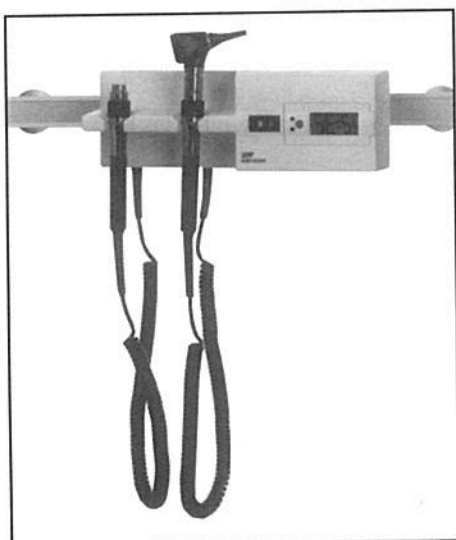

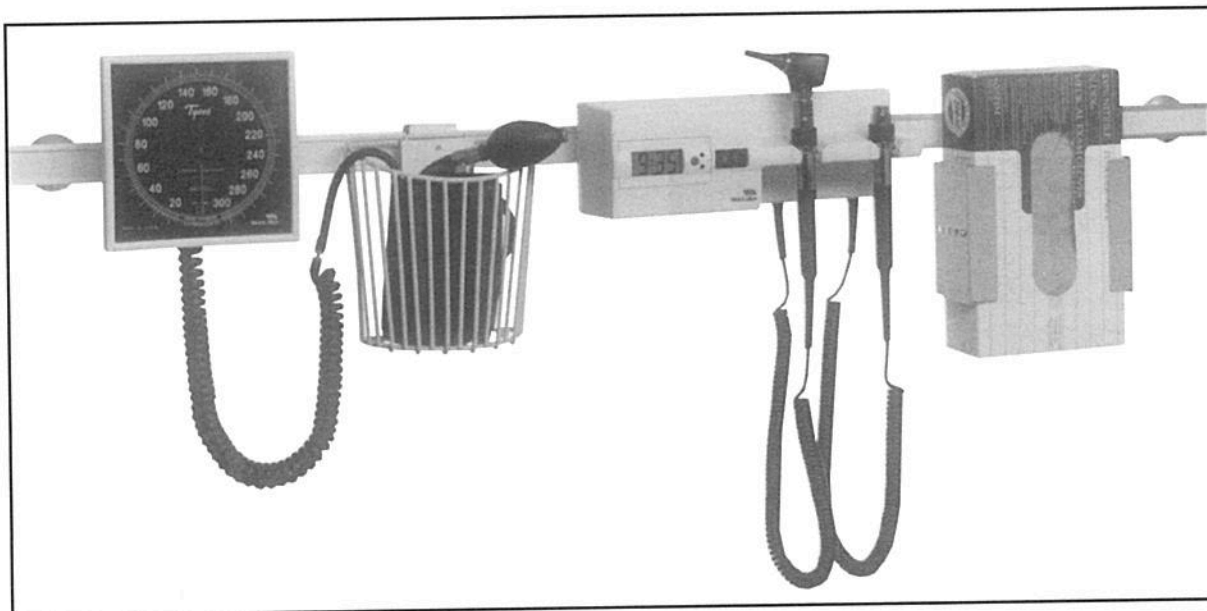

48600   Railmount Bracket for Welch Allyn Exam Light

450R   Rail Mounted Blood Pressure Cuff Basket & Clamp

Mobile Notebook Stands

Computer Not Included

FEATURES/BENEFITS

- ◆ Five leg 24" wide base for greater stability
- ◆ Grey non-marking rubber wheels won't mar floors or surfaces. Not plastic.
- ◆ Swivel casters w/ball bearing construction for easy movement.
- ◆ Removable wheel axle allows for easy cleaning.
- ◆ Adjustable collar allows for quick height adjustments

SPECIFICATIONS

- ◆ Die cast aluminum base w/satin finish
- ◆ Heavy gauge chrome plated steel tubing support w/welded flange
- ◆ Heavy gauge stainless steel support tray
- ◆ Zinc plated steel caster housing w/double ball bearing swivel head & removable axle
- ◆ Grey non-marking 1" wide wheels w/integral threadguard

Mobile Instrument Bases

- ◆ Roll Around Monitor Base (45 lb. max. wt.)
- ◆ Shelf Size 13" x 17" with Velcro Strap and Handle
- ◆ 24" Base — 5 Legs
- ◆ Shelf to Floor — 50 inches
- ◆ Mount: Oximeters, CO_2 Monitors, Blood Pressure Monitors, Cardiac Output Monitors, etc.
- ◆ Monitor not included

350401 **Cart Assembly** with 2 baskets 5" x 10" x 5", 5" x 10" x 10", cord wrap and shelf
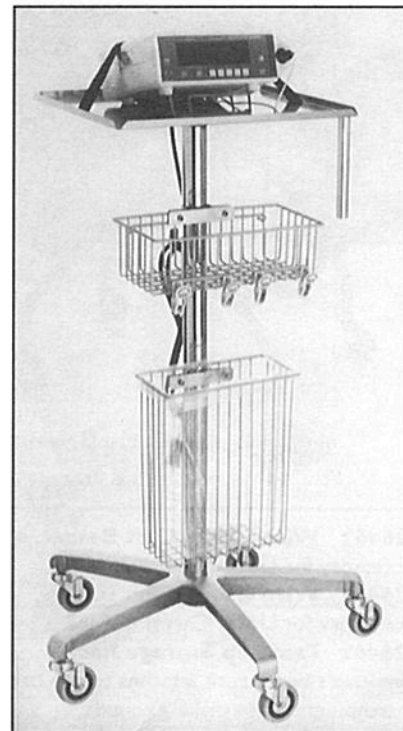

Utility Carts

2336   2-Shelf Utility Cart
This cart has 4" casters, 4 Donut Bumpers,
2 cart handles and two 18" x 36" shelves.

3336   3-Shelf Utility Cart
This cart has 4" casters, 4 Donut Bumpers,
2 cart handles and three 18" x 36" shelves.

026462   Basket Utility Cart
Can be used with 6" or 12" baskets, on either top or
bottom or both sections. As illustrated includes (1)
optional 6" and (1) optional 12" wire basket. Baskets and
Storage Racks are sold separately.

Features:
◆ 1" metal tubing on large casters.
◆ Can be used as medication cart or all-purpose cart.

626462   Wire Utility Cart Basket, 6" Deep
Accessory for Utility Cart #026462.
726462   Wire Utility Cart Basket, 12" Deep
Accessory for Utility Cart # 026462.
926462   Tabletop Storage Rack
Physician's order rack attaches to top of cart to hold 8
chartholders when making rounds.

Eyeglass Shield
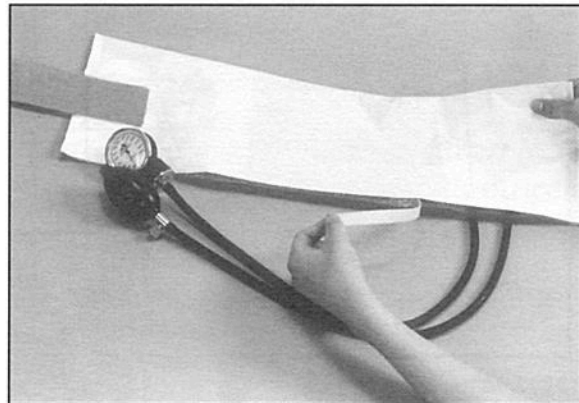

Reusable frames with disposable lenses

Features:
◆ Side-shield protection
◆ Distortion free optical-grade plastic
◆ Can be worn with a mask
◆ Recyclable and lightweight
◆ Inexpensive

9210 **Disposable Plastic Lenses,** Box of 100
9211 **Multi-Colored Reusable Frames,** Box of 60

Blood Pressure Cuff Covers

Puritan Male Adaptor	Oxygen Vac Air	#70 - 0041 #80 - 0051 #90 - 0041	#70 - 0043 #80 - 0052 #90 - 0043	#70 - 0044 #80 - 0053 #90 - 0044	#70 - 0045 #80 - 0054 #90 - 0045	

How To Order Hose Configurations:
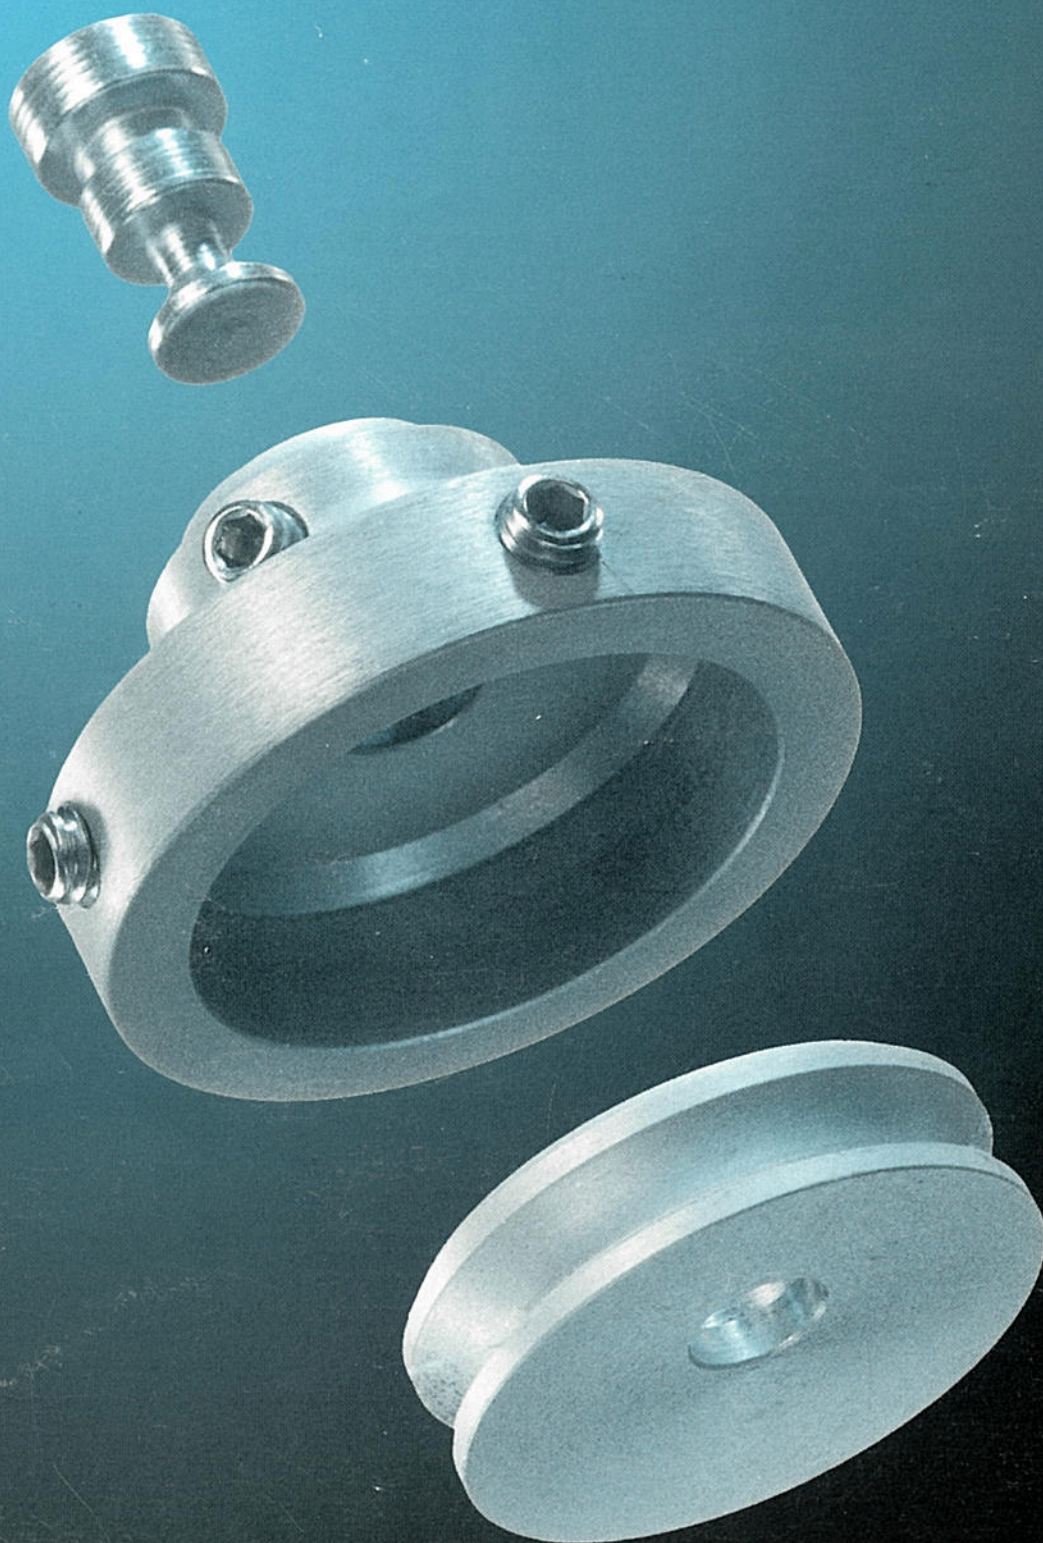

Choose fitting by using the matrix above.
Record catalogue number & refer to price list.
Determine hose length in feet.
Add cost of fittings & $3.00/foot for hose to get the total cost.
Example: 70 – 0001 x 12' long = Oxygen Chemetron Female Coupler x Chemetron Male x 12' Hose.
