

# nVent CADDY New Product Introductions

## Flared Couplers

**PT# FC0100** (1" Pipe Part#)

The nVent CADDY Flared Coupler series is designed to reduce the number of steps required for installing conduit racks. The integrated flare helps align each piece of conduit to easily join and install prefabricated conduit racks. This product line includes two options for working with multiple variations of conduit hanging systems:

- nVent CADDY Flared Slip Couplers
- nVent CADDY Flared Traditional Couplers

## Rod Lock Strut Clip

**PT# CRLSC37** (3/8" Rod Part#)

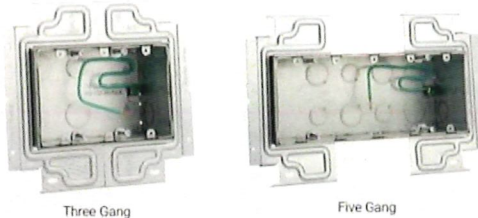

Leverage the time-saving benefits of the nVent CADDY Rod Lock Strut Clip and quickly install on-site or prefabricate in advance to maintain tight project schedules.

**FEATURES:**

- Easy-to-use finger tabs can grip onto any length of strut
- Allows fine-tuning of system height, adapting to varying rod-to-rod positions on the trapeze

## Adjustable Depth Multi-Gang Masonry Open Back Box

**PT# TB3GM** (3 Gang Part#)

The nVent CADDY Adjustable Depth Multi-Gang Open Back Box incorporates several innovative features to create a cost-effective solution for installing up to six devices in a single box. The box is designed with a masonry style front, eliminating the need for a mud ring. By incorporating an inner ring, the depth is fully adjustable from 1/2 to 1 1/2 inches. Installers have the ability to remove the back of the box for easy access to device wiring. In addition, the box can be mounted direct-to-stud or assembled between-stud with the nVent CADDY Heavy Duty Between-Stud Bracket.

## Self-Cutting Cable Tie

**PT# CADTIESC11MBAP**  
(11" UV Black Part#)

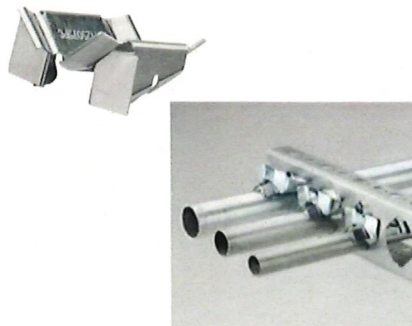

The nVent CADDY Self-Cutting Cable Tie is a versatile, tool-free datacom solution for bundling large amounts of cables. This simple, yet innovative product features a built-in cutting blade to ensure a secure fastening and a safe, clean tie-off finish. Made from durable 6/6 nylon, the Self-Cutting Cable Tie boasts a robust 50 lb/22 kg of tensile strength.

**FEATURES**

- Eliminates sharp edges and protects exposed skin from cuts during installation

## CCT Conduit Clip

**PT# PRPRC1** (Single Gang Outlet Part#)

**FEATURES:**

- Single CCT Conduit Clip can work on multiple sizes of conduit
- Tool-free installation
- Audible click sound indicating secure installation
- Designed to work with nVent CADDY CCT products
- Ideal for prefab and on-site installation
