What's New

New Product Intros for 2026

New Ginny Casual Conference

See product details on **p. 60-65**

- Available in low and midback options to suit a variety of spaces and preferences
- Plush, supportive seat designed for lasting comfort throughout the day
- Upholstered arms provide a soft, integrated look and feel
- Tailored upholstery options across the seat, back, and back-shell for coordinated or contrasting styles

New Ginny Midback Guest

See product details on **p. 52, 56, 58**

- The same comfortable and versatile Ginny Guest chair, now available in a midback design
- Added back height provides enhanced support while maintaining Ginny's aesthetic
- Ideal for meetings, guest seating, healthcare waiting, and collaborative environments
- Coordinates seamlessly with the broader Ginny collection

New Werksy® 4-star Stool

See product details on **p. 174**

- Distinctive Werksy® styling now available in a 4-star turn-lock stool
- Available in counter height
- A stylish solution for cafés, touchdown spaces, and collaborative environments

New OM5 Active® Café Guest

See product details on **p. 104**

- Available in 24" and 30" seat heights
- Features the same OM5 Active® articulating chair top found throughout the collection
- Body-Activated Motion (BAM) responds naturally to user movement
- Encourages active sitting in café, meeting, and collaborative spaces

Seating Technology for Comfort

BAM
Body-activated motion

Body-activated Motion (BAM) describes the dynamic ergonomic principals that the OM5 Series' of seating rides on.

Instead of relying on inconvenient manual adjustments that many chair occupants realistically rarely use (or worse: misuse), the OM5 Series' dynamically adapts to the user; reclining or pausing in immediate response to cues from the user's own body.

DB SCAPULAR RELEASE

SCAPULAR IMPEDANCE When reclining against a traditional backrest the shoulders are restricted from their full range of motion. This restriction of motion is referred to as scapular impedance, a condition that impedes the full range of motion and prevents beneficial stretching.

THE 'HEALTHY BACK' DESIGN According to the ergonomists and chiropractors with whom we have consulted, when people are seated in a chair with a full, 'normal' backrest, the body has a natural tendency to hunch forward. This predilection towards 'scrunching' is — with near uniform agreement — recognized as an unhealthy position for the human body to remain in, especially when seen in prolonged seating situations.

TLC™ TECHNOLOGY
Two Layer Comfort

TLC TECHNOLOGY™ TWO LAYER COMFORT

DISCOVERY BACK DESIGN BENEFITS The special pear-back design of our Discovery Back series is designed specifically to address unhealthy seating postures. With a cut-away design to allow for full rearward travel of the scapula, DB chairs can help users who sit for long hours to develop habits for a healthier back. This is called scapular release.

OM Seating's Two-Layer Comfort Seating™ (TLC) Technology is a unique, layered system of dual ILD foam — combining a conforming, soft outer layer, with a firmer core layer of OM Seating's high-resilience cushioning. Years of research and development have resulted in a seating experience that is at once soft and supportive, and truly beyond compare.

The TLC™ Technology seat cushion has achieved excellent results when put through a series of 'seating durability tests. The seat cushion will withstand the rigors of everyday stress and wear while remaining comfortable and supportive.

Buyer's Guide

Choosing the Right Chair . . .

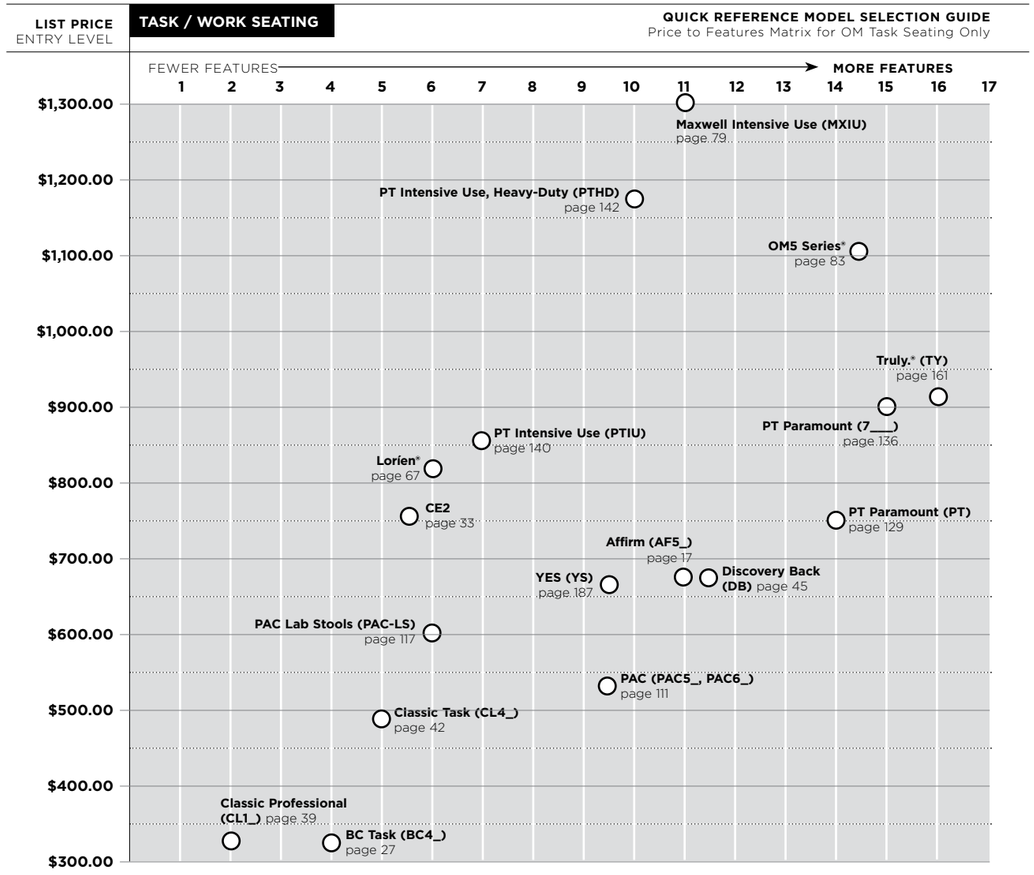

Need help selecting the right OM model for your customer?

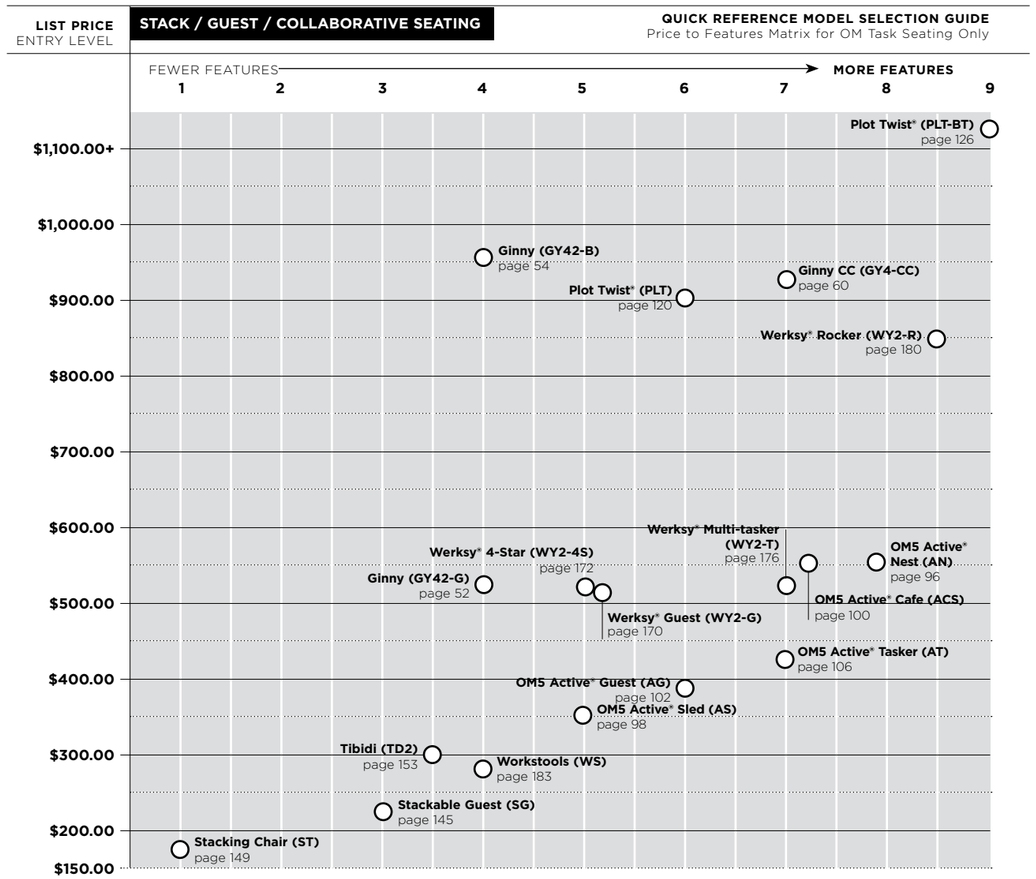

Remember though, while we hope this guide is helpful and even a little fun to use, choosing the right chair can not be done on the basis of price or the number of features alone. Proper ergonomics, safety and comfort are all additional important considerations that your customer should weigh equally in making their seating purchase decision.

OM has developed this Price-to-Features Matrix to help you get started in the right direction. Use it to pick an OM model family with the price-to-features profile that most closely matches your customer's needs. Then, to further refine their selection, call on our experienced factory reps and customer service team to arrange samples or find additional information. You can also visit our website for product images, news and updated specifications (omseating.com).

common options

Suggested Options for DB Series

Arms

KR21 (1D Motion) - list: 70.00
Fixed width, turn-knob height adjustable T-arms.

For specs. and warranty, see page 210.

KR100-45 (4D Motion)
- list: 215.00
Height and width adjustable, removable T-arms with fore-aft, side-side, and inward pivoting arm top (RP-45).

For specs. and warranty, see page 212.

KR100-51M (4D Motion)
- list: 215.00
Height and width adjustable, removable T-arms with ultra-mobility arm tops that extend forward, pivot a full 360° at 2 different points; serves as a light-duty track arm to move with your hands as you work (RP-51M).

For specs. and warranty, see page 213.

KR100-65 (4D Motion)
- list: 215.00
Height and width adjustable, removable T-arms with lockable arm top, fore-aft, side-side, pivoting arm top (RP-65).

For specs. and warranty, see page 213.

Options

Remove **Adjustable Lumbar** - list: -76.00
Option now standard on all 3 sizes of DB backrest – small, medium, large. To remove, subtract $76 list.

See pages 207-225 for a complete listing of all available arm, cylinder, caster, and other ergonomic options. Not all options may be applicable to a given model. Check with OM for compatibility details.

NOTES When upholstered in any Grade 5 ComfortKnit patterns (Solids, Architect, and Myth), DB Series back shells are upholstered in a high double-rub black fabric unless otherwise specified (for matching ComfortKnit backshell upholstery, see page 225 for pricing: DUB-K (formerly UPHDUB-T).

Pricing and specifications subject to change without notification.

Ginny

Features:

- Begins @ $487 armless / $553 with arms
- Universal visitors' chair that complements any work or waiting room environment
- Wall saver rear legs and a vertical clean-through for ease-of-cleaning

- Choose from arms/armless, chrome or black frame, glides/casters
- High-design flat oval tubing frame with glides or casters
- "Finished" frame design elegantly handles armless option (i.e., no abruptly truncated front leg frames)

-CHBK • Chrome frame • Black arm pads	**+$40**
-CHGR • Chrome frame • Grey arm pads	**+$40**

4. BackSHELL Upholstery

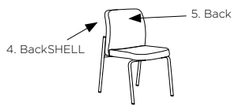

Code	List
-DUB-M* Backshell matches **5. Back Upholstery Options** (next column)	**+$0**
-DUB + Fabric Color # Backshell (same grade, but different color and/or pattern)	Price one grade higher for **5. Back Upholstery**
-DUB + Fabric Color # Backshell (different grade back & backshell upholstery)	Use higher grade price of the two for **5. Back Upholstery**
-DUB-B Ballistic nylon backshell	**+$110**

*Price does not apply to **-DUB-B** and **-UPH-PDF** options when specified together.

Backshell Upholstery Notes:

1. Leather Grade 1 (LG1) Evita may use "closest available" matching vinyl with leather-like texture.
2. Leather Grades 2, 3 (LG2, LG3) use Lena or Vulcano to match Back Upholstery Option.
3. For additional details and pricing — contact OM.

Reference this drawing for Options #4 and 5

5. Back Upholstery

Code	List
• Grade 1 / C.O.M.	+$0
• Grade 2 / Grade-in A	+$25
• Grade 3 / Grade-in B	+$50
• Grade 4 / Grade-in C	+$75
• Grade-in D	+$100
• Grade 6 / Grade-in E	+$125
-UPH-PDF* Ballistic nylon complete front	+$138

*Price does not apply to **-DUB-B** and **-UPH-PDF** options when specified together.

6. Seat Upholstery

Code	List
• Grade 1 / C.O.M.	+$0
• Grade 2 / Grade-in A	+$25
• Grade 3 / Grade-in B	+$50
• Grade 4 / Grade-in C	+$75
• Grade-in D	+$100
• Grade 6 / Grade-in E	+$125

Caster

Code		List
	**-GLD** Glides	**+$0**

OTHER OPTIONS (append to above nomenclature to add to, or override existing options)

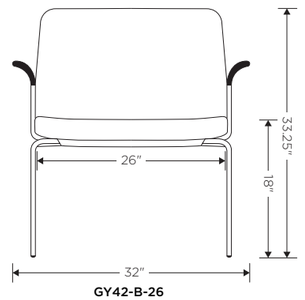

Backshell and Back Options	List
-TB133-3 Seat and back upholstery with fire barrier to meet CA TB133.	**+$158**
-UPH-PD Ballistic nylon back	**+$98**

Note: TB133 is an option only in select States where it is not banned due to potentially health-adverse reasons. Verify with your state, and client, to ensure this option is truly needed and permitted before ordering.

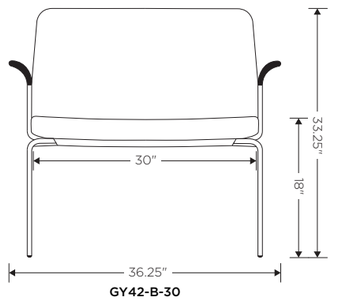

Ganging Bar	List
-GABLK Black arm ganging bar (1.75" between ganged chairs)	**+$30**
-GASLR Silver arm ganging bar (1.75" between ganged chairs)	**+$30**

Ginny Ganging Bar Notes:

1. Ganging bars (& mounting bolts) are sold in pairs for connecting Ginny chairs with their neighbor.
2. To calculate quantity: Total Ginny – 1 = qty. of ganging bars.

Notes

Maxwell IU

Features:

- Begins @ $1,355 armless / $1,480 with KR200 arms (MX84IU)
- Our heaviest chair both by weight and weight-rating is scaled and built to comfortably support up to 450 lbs.
- Relatively slim backrest design has a useful trapezoidal shape that creates less exaggerated aesthetics
- 24” wide seat, steel seat plate & extra heavy-duty components make this a strong choice

Maxwell (MXIU/PD)

Multi-shift | Heavy-duty

Please see pages 207-225 for arm kits, casters, and other options.

OM5® Gaming (OM5-XP)

Gaming

OM5 Gaming Core Features:

- Body-Activated Motion mechanism
- Polyflex with variable back resistance
- Virtual pause/lock
- Tilt Lock
- Field Replaceable Seat
- 350 lbs. Weight Capacity
- Seat Depth Adjustment
- Lifetime Limited Warranty

MODEL CODE

Example: OM5-XP-BK01 – A-RP65 – 3V07 – STDB

Model # | Arm | Accent Color | Base pkg.

OPTIONAL DELUXE HEADREST
Upholstered in black stipple vinyl (additional option for embroidery)

Extra foam layer added to surface of back and seat add even more comfort over extended use.

Zodiac breathable fabric along sides of seat and back to help keep foam and gamer cool under pressure.

Innovative stipple pattern vinyl designed for marine application, to keep from overheating.

ACCENT COLORS
Accent panels near the shoulder and hips subtly showcase team colors and are visible while seated.

ARMS
Multiple arm options from simple height adjustable to 4D motion arm pads.

Matching **ACCENT COLOR** panel shows through the polyback slats.

BILATERAL LUMBAR SUPPORT

Optional hollow center caster provide a stylish upgrade.

Notes

PT Paramount
Intensive Use 24-7 (PTIU) and Heavy Duty (PTHD)

Features:

- Begins @ $863 armless / $988 with KR200 arms (PT54IU)
- Ever feel like you're working 28 hours/day? PTIU and PTHD chairs are right there with you!
- Aesthetic complement to the PT series, but with long-lasting and/or heavy-duty parts
- Timeless design allows for this long-lasting series to stay current no matter the environment
- Wide range of size options within the series to fit any user "big" to "small"
- Most models standard with adjustable lumbar, seat depth & independently adjustable back/seat

GOOD DESIGN

Nightingale Awards gold

about Truly.®

TruFit™ Back System

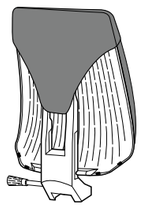

1. *Back height adjustment.*
   Lift one click at a time to position the height where you want. Then lift all the way to the top to reset.
2. *Adjustable lumbar.*
   Loosen to the left. Tighten to the right. Adjust the back arch as you like.
3. *Lively "working support".* Truly's back is a next generation polymer blend that allows the back to flex as you move, work, & create!

Truly.® Jacket & Wrap

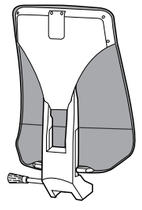

Jacket & Wrap

*Back Upholstery Compatibility Guide**

JACKET | Pre-approved in-stock options
Great choice for environments that could use the added visual flexibility and warmth afforded by our user-removable / replaceable Truly. "jacket".

Grade 1: Basic 2.0, Celestial, Spice	$106.00
Grade 2: Clue, Drift, SoftSit	$146.00
Grade 3: Cinema, Illusion, Stage, xox, Beau, Bliss	$186.00
Grade 4: Cover Cloth, Rocket, Hopsack	$206.00
Grade 5: Architect, Myth	$226.00
LG1: (none)	N/A
LG2: Lena	$249.00
LG3: Vulcano	$259.00

WRAP | Pre-approved in-stock options
Great choice for performance / healthcare environments

Grade 1: (none)	N/A
Grade 2: Drift, SoftSit	$ 89.00
Grade 3: Cinema, Illusion, Stage, Beau, Bliss	$139.00
Grade 4: Zodiac Mesh, Hopsack	$149.00
Grade 5: Architect, Myth, Comfortknit Solids	$159.00
Grade 5: Cascade Knit Cover*	$149.00
LG1: (none)	N/A
LG2: Lena	$249.00
LG3: Vulcano	$259.00

*Does not contain HR foam and front / back stitching detail as standard wrap.

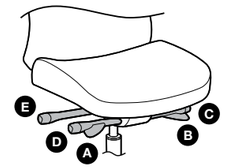

Please enter Fabric choice on the Truly. Order Worksheet, Item #6 on page 165 or 167 (stools).

Notes & Special Considerations:
1. Truly. is uniquely designed with a backrest that bends & flexes considerably. Great for your back and lumbar support. Not as great for upholstery with stiffer or relatively thicker construction.
2. Besides OM's pre-approved Truly. Jacket & Wrap options (as noted above) other material may be eligible. Application testing required with a fee. Check with OM for details.
3. For Truly. back upholstery Jackets & Wraps – especially with OM in-stock leathers – natural folds, wrinkles, and gather will occur depending on the material chosen. OM will not warrant natural signs of use/wear.
4. Jacket and Wrap are upholstered with a 1" layer of foam while the Cascade Knit Cover is not.

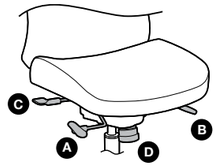

Truly.® Mechanisms

SYNCHRONIZED MOTION

Executive Synchro (MODEL TY62**2**8)
A. Seat Height
B. Seat Slider
C. 5 position Tilt Lock*

About OM

The Company

OM is known for excellence in function. With a single focus on seating, and only seating, OM offers a broad and deep understanding of what makes a chair work. Whatever the environment, and whatever the purpose, an OM chair will suit your needs. By focusing exclusively on ergonomic and well-thought-out seating, OM is able to offer a range of choices that are both situation-appropriate and value-oriented. With a myriad of adjustments, ranges of scale, and abundant design features, OM chairs perform. From the innovative and exclusive "body activated motion" to the more traditional option of multiple independent adjustments, an OM chair responds to your needs for dynamic motion, support, and comfort. Since 1986 OM has been building reliable, high quality, ergonomic seating – and has striven to uphold our reputation as the source for smart seating.

Local Needs, Global Sourcing

OM never compromises on quality; whether in its seating, representatives, suppliers, or components. Through successful, long-established global sourcing relationships OM has developed tight-knit vendor-manufacturer partnerships that allow it to incorporate better quality components at a more cost-effective price, thereby creating high value for everyone.

Lead Times, Delivery & Distribution

OM seating is made-to-order and available for shipping from Ontario, California with normal lead-times of around 7-10 working days. OM's portfolio of end-users includes nationwide- seating institutional and other customers. OM's seating products are available for national distribution and installation through customers' respective servicing dealer networks of choice. OM's authorized dealer distribution strategy affords users the choices they need to source better, more flexible dealer services to meet their specific needs. OM dealers comprise a broad network of supply chain contract furniture dealers, stationary supply chains, medical supply & ergonomic specialty dealers. To find out if a specific dealer is an authorized OM partner, please contact OM toll-free at 877.766.5678.

Production Capabilities

OM routinely leverages its strong supplier relationships, seating design expertise, and quick turnaround capabilities to customize solutions for specific customer needs. As a committed partner/manufacturer for multple national accounts, OM has developed a strong reputation for its ability to meet customer requirements with purpose-appropriate and value-oriented seating solutions.

Upholstery Options

OM offers thousands of in-stock and grade-in fabrics, special health-care-oriented polyurethanes, vinyls, cryptons, TB-133, premium leather, and ESD options. We offer a broad range of selections with graded-in pricing from such partners as Designtex, Momentum Textiles, Mayer Fabrics, C.F. Stinson, and more. OM also offers a variety of environmentally-friendly upholstery options from both its in-stock, and graded-in choices. Production lead times on all graded-in upholstery and customer-owned materials may vary based on receipt of all material(s).

Warranty

OM chair parts are warranted for lifetime, 12- and 10-year periods (varies by series). Every chair carries a "born-on" production label showing all pertinent information to support follow-up warranty claims. To view a full warranty, please contact OM or turn to page 196 of this price book.

Product Selection

OM offers a broad selection of seating, arms, and other options for a wide array of uses including Ergonomic, Corporate Standards, Medical/Healthcare, Schools, Production, Labs, ESD, Conference, Stacker, Lunchroom, 24-Hour-Use or Call Centers, and Big/Tall. For example, numerous options and styles are available to address all aspects of Healthcare requirements; included are models suited for Nurses' stations, Exam rooms, Doctors' Offices, Labs, Counter Height, Administration, Conference, Side chairs, Workstools, Waiting Rooms, Inventory & Executive Ergonomic.

BIFMA Compliant information

Many OM Seating products are BIFMA Compliant® — see series level section pages for which series comply.

Industry Certifications & Affiliations

Terms & Conditions

These terms and conditions apply to authorized OM dealers.

For additional company or product information, visit us at our online home: omseating.com

Prices Published prices and specifications are approximate and are subject to change without notice. All prices shown in this book are shown at List and F.O.B. OM unless otherwise noted. Prices do not include delivery charges, installations, special handling or any applicable sales, use, excise or other similar taxes. For example, California tax laws require that in cases where an order originates from a dealer outside of CA, but ships to a destination within the state, OM must collect an appropriate sales or use tax. If a customer claims exemption from such taxes, an exemption or CA resale certificate must be furnished to OM upon or before placement of the order.

Terms Terms are net 30 days (on approved credit only) from the date of invoice issuance. A late payment finance charge of 1.5% per month (18% annual percentage rate) will be assessed on all open invoices not paid within terms. Paying within terms will preserve your competitive pricing schedule and payment terms. A processing fee of 3% may be charged for payments made via credit card. OM can accept Visa, Mastercard and AMEX.

Customer's own Material (C.O.M.) If a customer desires to use a fabric or leather not supplied by OM, it is considered C.O.M. or C.O.L. Refer to the C.O.M. specifications section in this price book (p. 192) for detailed information on the use of such materials. Any C.O.M. and/or C.O.L. rolls, samples, hides, etc. that are being sent to OM for application testing or use on an order should be delivered to:

OM Seating
C/O – C.O.M. and Fabrics Dept
1110 South Mildred Avenue
Ontario, CA 91761

A shipping date will not be scheduled until all the C.O.M./C.O.L. materials for an order are received completely by OM. Any request for the return of unused fabrics must be made clearly on the Purchase Order and with specific instructions. Return freight and a handling fee will be charged. Customers should ask their fabrics vendors to side-mark all shipping labels for material(s) sent to OM with their company names, fabric colors & patterns, and the purchase order number(s) used with their order at OM.

Changes and Cancellations All changes and cancellations will be subject to approval by OM and must be requested within 24 hours after OM receives the order. Changes and cancellations may only be approved for orders that have not entered any stage of production. A minimum of 25% change order fee, but can be more, will apply to any changed orders. Cancellations, if approved, are subject to a penalty up to the entire amount of the order. Because we make our chairs to order and make every effort to ship as quickly as possible, we strongly discourage making any changes or amendments to your purchase orders whenever possible.

Returns Returns will not be accepted without an accompanying, written Return Merchandise Authorization Number (RMA). Please contact customer service to obtain an RMA. Returns must be received within 30 calendar days from the date of RMA# issuance. Authorized returned merchandise shall only be delivered to OM on prepaid freight. OM reserves the right to inspect all returned goods before issuing any appropriate credit. A minimum restocking fee of 25% applies to returned merchandise received in good resalable condition. C.O.M. orders may not be eligible for return.

Warranty The warranty period is listed with each model for the original purchaser only. Full warranty information can be found on the hangtag attached to each chair shipped, as well as on p. 192. OM's sales representatives or customer service will ship appropriate replacement parts when deemed reasonable. Labor, field service or delivery charges are not covered. Unless otherwise specified all OM products are manufactured in accordance with normal commercial usage – for a single 8-hour shift, a total of 40 hours or less per week, and by persons weighing 275 pounds or less. OM shall not be liable for loss or damage resulting from use beyond the approved range or by any cause beyond reasonable control such as abuse, misuse, neglect, alteration, or act of God. Special terms may apply on certain series; please see the relevant product page in this price book for details.

Shipping (see EZ Freight Program for more information) Most items can be shipped boxed and/or shipped via FedEx, except models marked with 'non-FedExable' in this price book. In the absence of specific shipping instructions on purchase orders, OM will select the carrier and the method of shipment based on delivery area, freight cost and quality of service. All freight costs incurred by OM will be charged to the customer except when subsidized under the terms of the EZ Freight Program or other agreement with OM. Please notify the freight company directly in case of any shortage or damages and advise OM immediately of the damages incurred during shipping.

For items shipped in California, please specify the packing preference, whether "Product in Box" or "Assembled" on all purchase orders. There is a minimum charge for blanket-wrap delivery service. Not all areas in California can be shipped assembled or under normal shipping lead times. Please call OM for detailed information. Fully assembled chairs may be an option for other destinations as well, but usually require a full truckload quantity of at least 330 full scale task chairs to qualify. Additional charge(s) will likely apply. Contact OM for details, limitations and quote.

If you select your own carrier, please clearly state the carrier's name, phone number, your account# with them, the name of a contact person and any special shipping and freight billing instructions on your purchase order to OM.

In all cases—whether landed or FOB Factory discounting was applied—OM reserves the sole right to determine carriers and packaging/shipping methods (such as: chair count per carton, carton type/size, assembled vs. semi- or k.d. in a box). These decisions will be made with strong consideration for balancing best practices, cost-discipline, and known customer preference(s).

Order Acknowledgement An order acknowledgement will be faxed or emailed to you upon receipt and entry of your PO within 48 hours. Please review all order acknowledgement details for any items and/or pricing and/or quantity discrepancies, and notify the factory within 24 hours of any necessary revisions, or additions.

Additional Charges and Notes In cases where non-warranty re-work or other shop time is needed, a charge of $45 per hour will apply for in-house labor and processing. OM reserves the right to charge a $25 storage fee per business day for any orders that have not been picked up after 3 pickup readiness notifications by OM or 7 business days. All fees mentioned in this section are NET and are not subject to any other discounts. If a Credit Card is used for payment, relevant fees will apply.

Limited Warranty

Office Master, Inc. (OM Seating) warrants to the original purchaser that its products are free from defects in materials and workmanship for the applicable warranty period, as indicated below.

Should any item fail, OM Seating will – at its sole discretion – repair or replace, with a comparable product or part, any item found to be defective as a result of normal commercial use (i.e., a single 8-hour shift, 5 days per week).

This warranty does not apply to items subjected to abuse, misuse, neglect, alteration, or damage caused by shipment, storage, accident, fire, flood, or act of God.

Lifetime Limited Warranty
The OM5 Series® (including the OM5 Active sub-series), Truly.® Series, and Ginny are covered by a lifetime limited warranty on all structural components as defined below.

12-year Limited Warranty
Unless otherwise specified, all models not classified as budget or 24/7 or heavy-duty are covered under a 12-year limited warranty on all structural components as defined below.

10-year Limited Warranty
Unless otherwise specified, all models classified as budget or 24/7, or heavy-duty, or bariatric are covered under a 10-year limited warranty on all structural components as defined below. Budget series include: BC, SG, ST, and WS. Bariatric series include: Ginny (GY42-B-26 & GY42-B-30), and Maxwell IU (MX84IU-MX88PD).

Warranty Terms
Within a given model's applicable warranty period, all structural components, including gas cylinders, wood, metal and plastic parts (i.e., chair frames, bases and control handles) are guaranteed against structural failure when under normal commercial use. All OM seating comes with a default 275 lbs. weight capacity limit unless otherwise specified by OM Seating.

For all models, consumable items (i.e., casters, glides, etc.) are covered by a 5-year normal commercial use warranty with the exception of Rubber Casters which will be a 1-Year Limited Warranty.

Fabrics and Foam
OM Seating in-stock upholstery & foam cushions are covered by a 5-year normal commercial use warranty. Normal wear and tear on fabrics such as wrinkling, dirt accumulation or gathering is not covered. This includes Truly.® Series "Jackets" and "Wraps". Natural, minor variations may exist in color, surface, grain or texture of upholstery materials. As a result, any such variations are not warranted. COM/COL and graded-in fabrics are not covered.

Claims Procedure
Should any item fail, contact the Dealer from whom it was purchased. A photograph of the damage(s)/issue(s) and of the "born-on" label underneath the seat will be required to help OM determine the cause and extent of any issues. If it is determined that a return is necessary, return that item and its product proof of purchase to the Dealer, whereupon that Dealer will send both to OM Seating, freight prepaid. OM will repair or replace the defective part at its sole discretion and return it to the Dealer, freight prepaid. **Please email related photos and details for any warranty claims to warranty@omseating.com.**

For claims to be approved and covered, please inspect for any damages or missing items within 10 days after receiving the order.

Returns
Written authorization from OM Seating is required prior to a Dealer returning any failed or defective parts to OM Seating. Any returned defective part(s) will NOT be accepted without this prior written authorization, or a "Returned Materials Authorization" (RMA) # assigned to it.

Warranty Labor
This warranty is limited to the repair or replacement of OM Seating products or components, at OM Seating's sole discretion, for covered defects in materials, workmanship, or for manufacturing errors or omissions.

This warranty does not cover damage resulting from shipping, handling, installation, misuse, abuse, neglect, unauthorized modification, improper maintenance, accidents, or normal wear and tear. Assistance with non-warranty issues may be provided by an OM Seating Authorized Dealer or by OM Seating directly, as a courtesy and at their sole discretion, but does not constitute warranty coverage or create any ongoing obligation.

Field labor, service, installation, removal, transportation, and related costs are not covered unless OM Seating specifically authorizes such reimbursement in advance for a warranty claim. OM Seating works closely with its Authorized Dealers to support warranty claims and facilitate repairs or replacements when applicable. Authorized Dealers may provide labor and service assistance as part of the warranty process, per their discretion.

For information regarding non-warranty service, repair, labor, and related charges, please refer to the current OM Seating Price Book and Terms and Conditions.

Warranty Request

(Y)OUR key to an expedient warranty request—
Please take a moment to help us help you/your customer(s) by being as complete as possible in filling out this form. Thank you for your assistance!

Step 1 Please fill out contact information below.

Contact Information

First Name | Last Name

Email Address | Phone Number

Dealer Information

Dealer Company Name | Address

City | State | Zip

Step 2 Please provide product information and description of the issue.

PO# | Customer Order #

Order Date | Warranty Part (if known)

Please provide model and description of the issue. (Please be very specific)

Please email **warranty@omseating.com** along with this form with pictures of the chair and the parts damaged **(if at all possible please provide multiple, clear shots or videos – close up, a wide angle shot, and several angles of the issue(s) –** We will contact you within 48 hours or less. Thank You!

Step 3 Please provide ship to information below. Once warranty request is reviewed and approved we will ship it to the address below.

OM Environmental

Sustainable Environmentalism

The people at OM believe in doing true and everlasting good. We believe that when we promote responsible new practices that build upon the organization's existing good habits, we can not only strengthen our products and the company but just as importantly, meaningfully minimize any negative impact we might have on our surrounding environment.

To this end, we've established at OM a culture of pursuing "Sustainable Environmentalism" — environmentalism that brings into harmony the enterprise's economic and environmental responsibilities.

By making the pursuit of environmental conservation align naturally with the undeniable corporate maxim of economic viability we manage to make OM a more responsible corporate citizen not just for isolated press releases, but day-in and day-out. Now that's taking a meaningful stand and making a positive difference for our future generations.

Here are some of the ways that we at OM are as smart about environmentalism as we are about our seating:

Building a Green Home

OM has built and is operating out of a new home that meets our twin goals of high efficiency and environmental friendliness. We began by exceeding CA's tough Title 24 energy consumption standards by an average of over 15%, and took it even further by using green building materials throughout...

- High efficiency HVAC units that utilize green refrigerants, zone dampers and energy saving economizers
- LEED-inspired building materials and lighting (CFL bulbs, recycled material in...carpets, corian countertops, office insulation, door cores, etc.)
- Dual-flush, low-flow and sensor-controlled valves on toilets, urinals and sinks
- Daylight, timer- and motion-activated sensor lighting controls in all warehouse, office and production areas
- Green landscaping irrigation systems that utilize reclaimed waste water
- Green-energy equipment (electric-powered forklifts, pallet jacks, and people movers replacing older propane-driven units)

Encouraging & Reinforcing "Good" Habits

Just as our parents taught us, good habits are important. And good "green" habits are even more important because of the universal impact that they have... we encourage our customers, vendors and employees to all participate in our Sustainable Environmentalism program by cooperating in the following ways:

- Focus on Blanket Wrap shipping programs that utilize no cardboard packaging and maximize the space usage inside a truck because efficiency here means fewer emissions and less truck fuel consumed
- OM receives ongoing recognition for its recycling efforts (winning the California EPA "WRAP" award in 2008, 2009, 2010, 2011, . .)
- FSC-certified and Recycled content in ALL printed materials — brochures, pricers, business cards, envelopes, labels, etc., as well as in our seating seat and back boards.
- Minimize cardboard and wood-based packaging materials...
  - > We purchase foam industry scraps to keep them out of landfills a while longer and so that they can be reused to protect our chairs in transit
  - > We purchase collapsible steel cages and instruct our vendors to use them in transporting components to us so that we can save on excess waste associated with cardboard
  - > We use high recycled content paper pulp trays and cardboard boxes in our packaging.

Building Sustainability into our Products

To OM, sustainability in good product design not only means that our chairs are made to last, but also that our material selections need to be made with the environment in mind. No matter which way you look at it, not having to replace your chair every few years with even the greenest chair not only saves money but also the limited resources of our environment!

- GREENGUARD™ Gold Certification on OM product families
- Custom Molded Materials from our CFC-free foam cushions to our plastic components such as shells and casters mean less waste and in many cases better comfort as well.
- Recyclability is a key component of our product sustainability strategy:
  - > Polypropylene is used on many of our components from back shells to arm frames and can be given a second life as everything from washing machine parts to car fenders.
  - > Polyurethane used in creating our seat and back foams can be converted into carpet padding
  - > Aluminum used on our bases footrings can eventually be part of your car, kitchen appliances or even golf clubs and power tools.
  - > Steel is a key structural component used on mechanisms to arm brackets, etc. and it has potential to be re-used in countless ways from buildings to bridges, trucks, tools, etc.
  - > Wood such as that used on our seat and back boards can be shredded into mulch and used for landscaping or allowed to decompose.
- 100% water-based glue from a patented Swiss formula means 0 emissions hazards and an earth-friendly adhesive that works for the chairs and the earth
- Tree-farm harvested seat- and back-woods that are also FSC and CARB-certified give our chairs a sustainable, but durable structural component that lasts
- In-stock and Grade-in fabric selections are a way for our customers to participate in our Sustainable Environmentalism effort... OM offers many in-stock options that feature either recycled or recyclable content as well as a very extensive range of green fabrics through our grade-in programs.
  - > Including multiple patterns with varying percentages of post-industrial and/or post-consumer recycled materials (such as most of our Grade 5 ComfortKnit patterns, which are made from Repreve™ yarns that are made from recycled plastic bottles).

Relevant Certifications:

Greenguard Certified
The Greenguard Environmental Institute is an industry-independent organization that aims to protect human health and improve quality of life by enhancing indoor air quality and reducing people's exposure to chemicals and other pollutants. As an ISO-IEC Guide 65:1996 accredited, third-party certifying body, the Greenguard Environmental Institute certifies products and materials for low chemical emissions and serves as a public resource for choosing healthier products and materials for indoor environments.

The UL GREENGUARD Certification Program requires that products undergo independent, scientific testing and ongoing monitoring of their chemical emissions. Only products that meet UL Environment's stringent emissions standards qualify for certification. These standards are based on established criteria from key public health agencies.

All of OM products are Greenguard Certified.

BIFMA LEVEL®
Developed by BIFMA, LEVEL is a voluntary certification program in which third-party auditors measure a product and its producer against the ANSI/BIFMA e3 Furniture Sustainability Standard. The LEVEL program was created to provide the most comprehensive, unbiased and transparent means of evaluating and communicating the environmental and social impacts of commercial furniture products. The LEVEL mark demonstrates that the product, the manufacturing facility, and the company responsible for the product brand, have all met the requirements for certification.

All OM Seating products are BIFMA LEVEL® 2 Certified.

Ergonomics

Guide to Ergonomic Features

Ergonomic features determine which chair will provide the "best fit" for an individual.

The features illustrated here will help you understand the functionality and unique benefits of OM seating.

BODY-ACTIVATED MOTION (self-weighing)
Seat & back tilt rate/tension automatically adjusts to occupant weight.

Positive Back Release also known as PBR, this safety feature prevents a catapult-launching effect when the tilt lock lever is released. Tilting/rocking features can only be reactivated when body weight is applied on the backrest.

PNEUMATIC LIFT
Adjusts overall height of the chair.

PIVOT BACKREST
Pivots as the user moves.

TRUFIT™ BACK DESIGN
Full-range ergonomix backrest (Truly.® Series).

BACK HEIGHT ADJUSTMENT
Allows correct position of lumbar support.

TILTING BACKREST
Locks in an infinite number of positions.

ADJUSTABLE LUMBAR
Provides customized lumbar support.

SYNCHRONOUS SEAT & BACK TILT
Activates single-lever adjustment.

SLIDING SEAT
Adjusts seat depth for a variety of users.

TILTING SEAT
Tilts forward and back for posture.

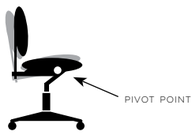

TENSION KNOB
Controls rate and ease of recline/tilt.

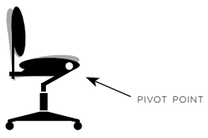

SWIVEL/ROCKING TILT
Provides "rocking motion" in any direction.

HEEL/FOOT ACTIVATION RING*
Hands-free operation of pneumatic height.

SIMPLE KNEE TILT
Reduce some tension behind knees on tilt.

FULL KNEE TILT
Reduce all tension behind knees on tilt.

DISCOVERY BACK DESIGN
Prevents scapular impedance.

* available on CL14 and CL15 only

Ultimate Test for Fit

BIFMA, UTFF, The Work Chair

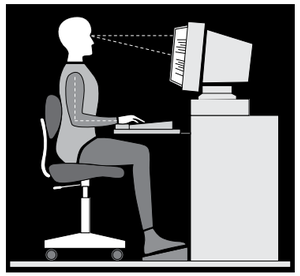

Ultimate Test For Fit (UTFF)
THE WORK CHAIR

(7.1)
SEAT HEIGHT
Users should be able to sit with their feet comfortably on the floor or footrest without undue pressure on the underside of the thighs. The thigh-to-torso angle should not be less than 90°.

(7.2)
SEAT DEPTH
Users should be able to sit in the chair without undue pressure against the back of the knees, their back properly supported by the backrest and with adequate buttock and thigh support.

(7.3)
SEAT WIDTH
The seat should be wider than the hip breadth of the user with allowance for movement and clothing. The seat width should not limit the ability to use the armrests comfortably.

(7.4)
SEAT PAN ANGLE
This should allow users to support their feet on the floor or footrest. They should not cause the user's torso-to-thigh angle to be less than 90°. Forward seat pan angles should not cause users to shift excessive weight to their feet or experience the sensation of sliding out of the chair.

(7.5)
BACK SUPPORT

(7.5.1)
SEAT BACKREST HEIGHT
All backrests should provide adequate lumbar support and buttocks clearance. For tasks requiring upper body mobility, the backrest should not interfere with the user's movement. For users who prefer reclining postures or greater upper back support, the back height should provide support for the shoulder blades.

(7.5.2)
BACKREST WIDTH
The width of the backrest should provide adequate support for the curvature of the user's back without causing localized pressure points.

(7.5.3)
LUMBAR SUPPORT
The height and shape of the lumbar support should coincide with the lumbar curve ("the small") of the user's back. The support should be firm, but not cause localized pressure points.

(7.6)
MOVEMENTS OF THE SEAT PAN AND BACK SUPPORT
The user should be able to sit in a position where the torso-to-thigh angle is equal to or greater than 90°. The seat and backrest angles should accommodate the varying postures assumed by the user throughout the day.

(7.7)
ARM SUPPORT

(7.7.1)
ARMREST HEIGHT
This should allow users to sit in a variety of postures while supporting their forearms and/or elbows in a manner that avoids lifting the shoulders (armrests too high) or leaning to the side to reach the armrest (armrests too low). The armrest height should allow accessibility to, and performance of, tasks.

(7.7.2)
ARMREST LENGTH
The length of the armrest should allow users to sit close enough to the work surface to perform their tasks while maintaining contact with the backrest.

(7.7.3)
INSIDE DISTANCE BETWEEN ARMRESTS
Armrests should allow users to sit in a variety of postures while supporting their forearms in a manner that avoids lifting the shoulders and/or excessive outward positioning of the elbows. Armrests should allow accessibility to, and performance of, tasks. The inside distance between the armrests should allow the user to enter and exit the chair easily. The hips should comfortably fit between the armrests or supports.

Notes

COM, COL & Grade in Fabrics

Features:

Specification form

Guidelines

COM, COL & Grade-in

Specifications

Why read this form? This form describes OM's standard procedures for COM, COL and Grade-In's fabrics and leathers. Reading it will help you understand how your materials will be dealt with, and how to avoid potential misunderstandings and delays with your order.

Why fill out this form? Fabric designs often come in intricate patterns. Different people may interpret the same fabric's direction in different ways. In order to avoid any confusion and to ensure that your order comes out the way you want, please use this form with your original PO to specify orientation.

How much yardage should I send? Yardage per chair is estimated in this price list and based upon 54" wide, plain or non-directional material.

Additional yardage may be required if striped or patterned material is used, if pattern requires matching or if width of material is less than 54" wide. Please call us at (877) 776 5678 if you have questions.

Processing time Orders for production of COM, COL and Grade-In's upholstered products are not scheduled for processing until upholstery material is received. OM will not ship orders until 7-10 business days after receipt of fabric(s) and/or material(s). No CBD or credit hold terms.

Split orders If a portion of your shipment does not require COM, please specify whether OM should ship complete or split. By default, OM puts orders on hold until all material is received. Please contact us if you need to split orders. Split shipments may incur additional charges or fees.

Canceled or changed orders Customers are responsible for the cost of the chair and any additional penalties as well as for arranging the return of any extra COM, COL or Grade-In's resulting from changes in upholstery material or cancellation of an order within 24 hour notice and minimum of 25% of change or cancellation fee. OM assumes no responsibility for this material.

Excess upholstery material OM will dispose of all excess upholstery material unless the customer specifically arranges otherwise.

Upholstery material discrepancy OM assumes no responsibility for defects in, or performance of, COM/COL. But if we detect any flaws with the upholstery material that we receive, we will immediately notify the customer by fax or by phone. In such a case, OM will hold the order until the customer advises us on what to do next. OM is not responsible for any delays on orders in which customer instructions are pending.

OM Material Guideline Highlights

COM / GRADE-IN
- Unless otherwise stated, OM will exercise its discretion in choosing fabric direction (usual default as illustrated in Diagram 1, below).*
- COM must be provided as continuous yardage, and is based upon 54" wide plain or non-directional material.
- Do not fold materials. OM is not responsible for material that is damaged or wrinkled upon receipt.

COL
- Leather should be sent in rolls, do not fold. OM is not responsible for material that is damaged or wrinkled upon receipt.
- Outer edges of leather can not be calculated as square feet or yardage.

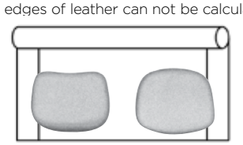

Diagram 1: Up the roll, off the roll.

Diagram 2

COM specifications form
A copy of this form should accompany POs for orders with directional or intricate fabric designs. Please fill out completely.

Your name and company or id

Purchase order number

Phone number

OM sales order number (optional)

If any material remains after completion of my order, please...
- ◯ Dispose of it for me (default).
- ◯ Return it to me (we will bill the freight).
- ◯ Please see my instructions below.

Check the box that indicates how your fabric should run

◯ Selvage top and bottom / railroad ◯ Selvage side and side / top-down

Complex pattern (see explanation/information below)

Seat Back

COM & COL
- To avoid delays, all materials sent to OM must include the PO number of your order with us, clearly marked or tagged on all material.
- All fabrics and leathers will be examined before cutting and OM is not responsible for material that is damaged upon receipt.

Complex Patterns Positioning of intricate patterns or pattern repeats on seat and back default centered (as shown in Diagram 2, bottom left). Customers can use the boxes provided on the COM Specification Form to sketch how they want patterns to appear. Be advised that if your COM or Grade-In's fabric has stripes, you need to state in your PO whether a vertical (up/down) or horizontal (left/right) orientation is to be applied. Otherwise, OM will use its sole discretion. Large pattern repeats may require up to 25% additional yardage.

* OM's default layout is "Top-Down" (aka, "Off-the-roll"). Guidance from mill's website may be referenced on a case-by-case basis.

Grade-in Program

Guide to OM Grade-in Program

Obtaining Current Grade-in Pricing
(Grades will change periodically)

Click on Fabric/Materials Resources on **om**seating.com (under Fabric/Materials) to download most up-to-date Grade-in prices.

Ordering Grade-in Fabric
To order OM seating with a specific, grade-in pattern, you must note the following clearly on your PO:

1 Fabric Mill Name (Momentum Textiles, Mayer Fabrics, C.F. Stinson, Designtex or Ultrafabrics)
2 Grade-In x (where 'x' is the appropriate grade)
3 Your selected "Pattern Name" and "Color Number/Name"
4 Layout instructions (see page 204)

If the above information is not clearly and completely noted, OM will assume your PO to be a COM order and will wait for your fabrics to arrive.

Selecting Patterns
To choose a pattern, or to see which pricing grade (Grade-In A, B, C, etc.) your selected pattern(s) falls under, please consult the accompanying chart or go directly to the appropriate fabric mill's website. OM's approved patterns are listed on omseating.com in the Fabric Catalog section.

Upon selecting a pattern, please note the grade selection noted to the right (see instruction 1 above).

Grade-in Samples
In order to obtain any samples, please contact the appropriate fabric mill directly via its website or phone number.

Momentum Textiles (www.momentumco.com, 800 366 6839)
Mayer Fabrics (www.mayerfabrics.com, 800 428 4415)
CF Stinson (www.cfstinson.com, 800 841 6279)
Designtex (www.designtex.com, 800 221 1540)
Knoll Textiles (www.knoll.com/shoptextiles, 866 565 5858)
Ultrafabrics (www.ultrafabricsinc.com, 800 309 6648)
Camira (www.camirafabrics.com, 616 288 0655)
Concertex (www.concertex.com, 201 784 8370)

Split Orders
If you would like the items of your order that are not part of the Grade-in program to ship on a separate timeframe than the Grade-in portion of your PO, please contact an OM Customer Service representative to confirm. In such a case, a higher shipping cost for the PO may be incurred.

Lead Times
Normal OM lead times for items ordered under the Grade-in program will be measured from the date of the receipt of all fabrics specified for a PO.

Order changes requested 24 hours after the original submission to OM may result in a longer lead time.

Actual processing times are also subject to individual credit terms and assume that all accounts are in good standing.

Warranty
No OM warranties are implied or given under the Grade-in program beyond the pertinent standard fabric mill's original warranty coverage.

Change Orders and Cancellations
For orders that have entered any stage of the production process, OM can not accept change orders or cancellations.

All fabric order changes (either OM textile or Grade-in) must be received within 24 hours of the original PO submission. Fabric changes to orders after the initial 24 hour period may be assessed additional fees.

Fabric Application Testing
Some Products are subject to Fabric Application Testing if the textile has not been tested and approved, please check with OM Seating. Products that may need testing include: Truly. Jacket/Wrap, Tibidi Seat/Seat & Back, CE2, CE2-P, Werksy Full Upholstery, and Plot Twist.

If the material is from our Grade-in Partner (Camira, Concertex, CF Stinson, Designtex, Mayer, Momentum, Knoll, Ultrafabrics), OM will order the fabric for you. Otherwise, please fill out the form on the following page for each product and textile that needs to be tested.

Optional Arm Kit, Arm Tops & Arm Pads

Features:

- Arm Rests
- Arm Pads
- Arm Tops

Arm Matrix

"WELL-ARMED" (FOR GOOD ERGONOMICS)

40+ everyday arms, 5 different arm tops (i.e., pads with motion), myriad additional custom combinations... I guess you could say we believe in offering choices to our customers!

Choosing arms to fit your working style is important. Yet, when it comes to arm selection, we have found that opinions vary widely. Some would say that good arms get out of your way during work, and then are available as occasional rests for when you need a break from the action.

Others believe that arms are meant to offer continuous support even while working... witness the KR100-51M track arms which are "move with you as you work" specialty arms that we developed for Google employees to use in a book-scanning project.

No matter your personal philosophy on arms, we've got enough choices to satisfy even the Goldilocks amongst you with something that is "just right".

Use this matrix as a starting point for just some of our more popular arm models; a reference to explain some of the more common model numbers you'd order, depending on which arm function/style you are seeking...

		ARM PAD	ARM TOPS

Optional Arm Kits

Fixed Arms | 1D Motion Arms

Arm your chair with a fit that's right for you.

FIXED ARMS

Arms add 8-12 lbs. in total weight to the chair

Model	Group	List	Height Adj. Width Adj. (per side)	Approx. Ht. from Seat (lowest)[1]	Description
AR82-PLH 	Group 1	**$210.00**	**N/A**	**~ 8.5"**	Polished aluminum reverse cantilever with standard OM black leather arm pads. (Available on Affirm, CE2 (view series notes for details), Truly., Paramount, and Yes Series only. Not available on chairs over 350 lbs.) **12-year** limited warranty on arm frames or **5-year** limited warranty on arm pads[2]
AR82-BLK 	Group 1	**$195.00**	**N/A**	**~ 8.5"**	Black powdercoated reverse cantilever with standard OM black leather arm pads. (Available on Affirm, CE2 (view series notes for details), Truly., Paramount, and Yes Series only. Not available on chairs over 350 lbs.) **12-year** limited warranty on arm frames or **5-year** limited warranty on arm pads[2]
KR48 	Group 1	**$110.00**	**N/A**	**~ 9.75"**	Fixed loop arms **12-year** limited warranty[2]

[1] All arm dimensions are approximate as actual measurements will vary depending on a variety of factors: cushion contour(s), seat upholstery, memory foam, etc.
[2] Warranty on all arms does not cover conditions beyond standard commercial use.

1D MOTION HEIGHT OR WIDTH ADJUSTABILITY

Model	Group	List	Height Adj. Width Adj. (per side)	Approx. Ht. from Seat (lowest)[1]	Description
AR81 	Group 4	**$210.00**	**w = 1.75"**	**~ 8.25"**	Width adjustable, fixed height polished aluminum loop top arm **12-year** limited warranty on arm frames or **5-year** limited warranty on arm pads[2]
JRBN 	Group 1 Specialty Arm	**$275.00**	**h = 2.5"**	**~ 9.25"**	Fixed width T-arms with fold back feature and trigger-style height control with ballistic nylon upholstered arm pads. **5-year** limited warranty on arm frames & **2-year** limited warranty on upholstered arm pads[2]
JRPD 	Group 1 Specialty Arm	**$275.00**	**h = 2.5"**	**~ 9.25"**	Fixed width T-arms with fold back feature and trigger-style height control with Memosoft arm pads. **5-year** limited warranty on arm frames & **5-year** limited warranty on arm pads[2]

[1] **WHEN MEASURING ARMS** All arm dimensions are approximate as actual measurements will vary depending on a variety of factors: cushion contour(s), seat upholstery, memory foam, etc.
[2] Warranty on all arms does not cover conditions beyond standard commercial use.

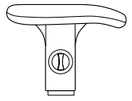

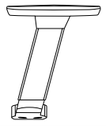

Arm kits contain left and right side arms, prices above are per set. See page 196 for OM warranty information.
Pricing and specifications subject to change without notification.

Optional Arm Kits

1D Motion Arms

Arm your chair with a fit that's right for you.

1D MOTION **HEIGHT OR WIDTH ADJUSTABILITY (continued)**

Model	Group	List	Height Adj. Width Adj. (per side)	Approx. Ht. from Seat (lowest)[1]	Description
JR77 / JR77M 	Group 1 **JR77**	**$100.00**	**h = 4.25″**	**~ 8.25″**	Fixed width, height adjustable T-arms with molded arm pads **12-year** limited warranty on arm frames & **5-year** limited warranty on arm pads[2]
	JR77M	**$145.00**	**h = 4.25″**	**~ 8.25″**	Same as JR77 with Memosoft arm pads
KR21 	Group 1	**$70.00**	**h = 2.25″**	**~ 8.5″**	Fixed width, turn-knob height adjustable T-arms **12-year** limited warranty on arm frames & **5-year** limited warranty on arm pads[2]
KR23 	Group 1	**$70.00**	**h = 3.5″**	**~ 6.5″**	Fixed width, height adjustable T-arms Not available on MX models and chairs rated 350 lbs. **7-year** limited warranty on arm frames & **2-year** limited warranty on arm pads[2]
KR25 / KR25M 	Group 1 **KR25**	**$70.00**	**h = 2.75″**	**~ 8.25″**	Fixed width, height adjustable T-arms featuring natural grip control **12-year** limited warranty on arm frames & **5-year** limited warranty on arm pads[2]
	KR25M	**$115.00**	**h = 2.75″**	**~ 8.25″**	Same as KR25 with Memosoft arm pads

[1] **WHEN MEASURING ARMS** All arm dimensions are approximate as actual measurements will vary depending on a variety of factors: cushion contour(s), seat upholstery, memory foam, etc.
[2] Warranty on all arms does not cover conditions beyond standard commercial use.

Arm kits contain left and right side arms, prices above are per set. ⋮ See page 196 for OM warranty information.

Mechanism Guide

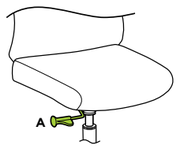

Having adjustments on your chair is great, but can get confusing at times. To help you better understand our different mechanisms, see below and explore our most popular offerings shared across our different product series. OM Seating is here to support all the different ways you work from light tasking to 24/7 multi-shift. The information below are intended to highlight the different functionality and adjustablliity. Pick the right fit for you.

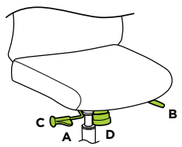

Synchronized Motion

(-0gs) Guest Swivel

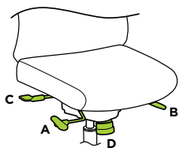

A. Seat Height

(-0) Simple Synchro

A. Seat Height
B. Seat Slider
C. 1 Position Tilt Lock (Push In)
D. Tilt Tension

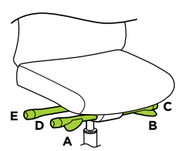

(-1) Management Synchro

A. Seat Height
B. Seat Slider
C. 3 Position Tilt Lock*
D. Tilt Tension

***Positive Back Release**
After unlocking the (C) Tilt Lock Lever, lean into the backrest to release the tilt lock & resume normal tilt recline motion.

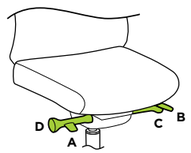

(-2) Executive Synchro

A. Seat Height
B. Seat Slider
C. 5 Position Tilt Lock*
D. Side Mounted Tilt Tension (telescopes out/in)
E. Independent Back Angle

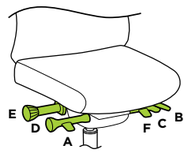

Synchronized Motion (Quick-Adjust)

(-4a) Quick-Adjust Synchro (Simple)

A. Seat Height
B. Seat Slider
C. 5 Tilt Range Limiter Positions
D. 7 Tilt Tension Quick Adjust Setting

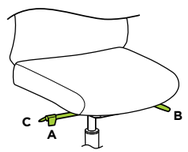

(-4b) Quick-Adjust Synchro (Advanced)

A. Seat Height
B. Seat Slider
C. 5 Tilt Range Limiter Positions
D. 7 Tilt Tension Quick Adjust Settings
E. Independent Back Angle
F. Forward Seat Angle (for perching & back relief)

Self-Weighing Motion

(-6) Body-Activated Motion

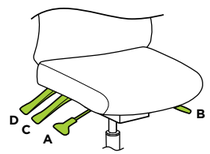

A. Seat Height
B. Seat Slider
C. 3 Position Tilt Lock*

***Positive Back Release**
After unlocking the (C) Tilt Lock Lever, lean into the backrest to release the tilt lock & resume normal tilt recline motion.

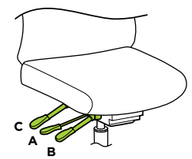

Multi-Function (Simple)

(-7a) Simple Multi-Function

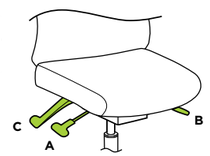

A. Seat Height
B. Seat Slider
C. Infinite Seat Tilt/Lock (free float)
D. Infinite Back Tilt/Lock (free float)

(-7bNS) Simple Multi-Function (Without Slider)

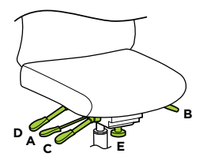

A. Seat Height
B. Seat/Back Tilt and Lock (free-float)
C. Independent Back Angle

(-7aCLS) Simple Multi-Function

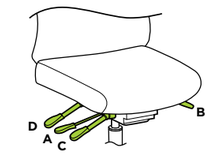

A. Seat Height
B. Seat Slider
C. Independent Back Angle

(-7HD) Simple Multi-Function (Heavy Duty)

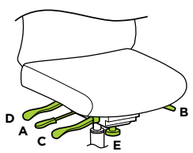

A. Seat Height
B. Seat Slider
C. Seat/Back Tilt and Lock with Rocking Seat Tilt (free-float)
D. Independent Back Angle
E. Tilt Tension

(-7b) Simple Multi-Function

A. Seat Height
B. Seat Slider
C. Seat/Back Tilt and Lock(free-float)
D. Independent Back Angle

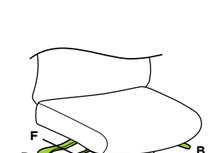

(-7MX) Simple Multi-function (Heavy Duty)

A. Seat Height
B. Seat Slider
C. Seat/Back Tilt and Lock with Rocking Seat Tilt (free-float)
D. Independent Back Angle
E. Tilt Tension

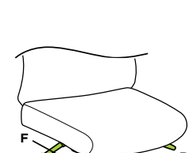

Multi-Function (Full)

(-8a) Full Multi-Function

A. Seat Height
B. Seat Slider
C. Seat/Back Tilt and Lock with Rocking Seat Tilt (free-float)
D. Independent Back Angle
E. Tilt Tension
F. Forward Seat Tilt Stop (for perching and back relief)

(-8b) Full Multi-Function

A. Seat Height
B. Seat Slider
C. Seat/Back Tilt and Lock with Rocking Seat Tilt (free-float)
D. Independent Back Angle
E. Tilt Tension
F. Infinite Forward Tilt Seat Angle (for perching and back relief)

Notes

Optional Casters Cylinders & Headrests

Features:

Casters for all types of flooring

Cylinders for achieving various seat heights

Non-standard upholstered headrest options

Casters

Guidelines and Selection

	List $ (Upcharge)	List $ (Buy)	Description
55MS 	**N/A**	**$30.00**	**55mm Multi-Surface Soft Caster** Black; designed for wood, tile, carpet and smooth surfaces (5 per set, standard on most chairs)
GLDR 	**N/A**	**$30.00**	**Glide** Keeps the chair stationary at all times (5 per set)
50SS 	**$25.00**	**$45.00**	**50mm Safety Soft Caster** Minimizes chair movement when NOT in use (5 per set)
50R 	**$35.00**	**$55.00**	**50mm Reverse Braking Caster** Restricted chair movement when chair IS in use (5 per set)
65MS 	**$25.00**	**$45.00**	**65mm Grey Multi-Surface Soft Caster** Dual-tone; designed for wood, tile, carpet and smooth surfaces (5 per set)
RUB 	**$25.00**	**$45.00**	**Rubber Caster** Designed for concrete and other hard surfaces (5 per set) Note: Not available on MXIU and other high weight limit chairs (i.e., 350 lbs. and up).

OM provides you with a range of caster options to accommodate your working environment. Tailor your caster selection specifically to the type of flooring where your seating will be used. Refer to the chart below to help you choose the caster that is right for you.

	SOFTEST SURFACE					HARDEST SURFACE
	Carpet	**Chair Mat**	**Wood**	**Tile**	**Linoleum**	**Concrete**
Carpet Caster	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**
Glide	Fair	Fair	Fair	Fair	Fair	Fair
Safety Soft Caster	Poor	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**
Reverse Braking Caster	Poor	Fair	Fair	Fair	Fair	Fair
Multi-Surface Soft Caster	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**	**Excellent!**
Rubber Caster	Fair	Fair	Fair	Fair	**Excellent!**	**Excellent!**

Similar to the way tires on a car eventually wear out, even the most well-made casters are subject to wear and tear. While performing routine maintenance will extend the life of your casters, eventually you may need to replace them.

Be advised that all the options listed above may not be applicable to all models in our price list. Please call OM for details or clarification.
Pricing and specifications subject to change without notification.

Cylinders

Guidelines and Selection

Available on chairs that are not BC or WS (except WS15VS and WS16) Series.

	List $ (Upcharge)	List $ (Buy)	Description
5AF	**$30.00**	**$95.00**	5" cylinder for most task and executive chairs (black)
5CR	**$30.00**	**$95.00**	5" cylinder for most task and executive chairs. Chrome housing with black colored piston
5WWY	**$30.00**	**$95.00**	5" white cylinder for OM5 Active Tasker and Werksy Tasker (p. 107, 123)
6CHD	**$40.00**	**$100.00**	6" chrome heavy-duty cylinder **(check with factory for model compatibility).**
8CHD	**$40.00**	**$100.00**	8" chrome heavy-duty cylinder to accommodate intermediate drafting desk
10CHD	**$40.00**	**$100.00**	10" chrome heavy-duty cylinder for drafting stools
Cylinders below are heavy-duty versions available on certain OM models **(check with factory for model compatibility)**			
4HD	**$40.00**	**$100.00**	4" black heavy-duty cylinder **(check with factory for model compatibility)**
5HD	**$40.00**	**$100.00**	5" black heavy-duty cylinder **(check with factory for model compatibility)**
6BSHD	**$40.00**	**$100.00**	6" black super heavy-duty cylinder **(check with factory for model compatibility)**

Choosing the appropriate cylinder for both your working environment and working style is critical to proper ergonomics and your long-term seating comfort.

Cylinders (aka Gas Lifts or Pneumatic Cylinders) are a paradox. While they are one of the easiest — and most important — parts of your chair to adjust, they can also be one of the hardest parts of your chair to understand. Thankfully there is only one main area that you really need to consider when specifying for that perfect fit: Travel Range.

Travel range is usually expressed in approximate inches and is the total distance that the telescoping portion of the assembly can travel. A 5 inch cylinder has approximately 5 inches of travel from full compression to full extension, a 8 inch cylinder has approximately 8 inches of travel, respectively.

When considering the Travel Range for your seating needs, it is important to bear in mind that your working environment and style together determine what's appropriate for you. See the chart below for more details.

4HD **5AF** **5HD** **6SHD** **8CHD** **10CHD**

Category	**Desk Height**				**Counter Height**	
Actual Travel	**88 mm**	**121 mm**	**121 mm**	**162 mm**	**202 mm**	**262 mm**
Comparative Max. Height* (As measured from cyl-5 as a "standard")	**-2.5"**	**standard**	**standard**	**+4"**	**+7.3"**	**+13.5"**
Comparative Min. Height* (As measured from cyl-5 as a "standard")	**-1.3"**	**standard**	**standard**	**+2.5"**	**+4.3"**	**+8.2"**

* All measurements are approximate and are based on switching cylinder heights on otherwise the same chair, with the same base and casters.

BIFMA UTFF (Ultimate Test For Fit) for the work chair states that users should be able to sit with their feet comfortably on the floor or footrest without undue pressure on the underside of the thighs. The thigh-to-torso angle should not be less than 90°.

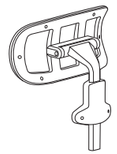

Headrest

Non-standard Upholstered Headrest Options

Note: For long-term aesthetics and cleanability, OM Seating strongly recommends choosing a dark-colored, coated material whenever possible.

Available on select Affirm and Yes models only. Contact OM Seating for details.
