

AIR RIVETER - 3/16" - PULLING FORCE 2,600 LB

Product # 409007 | Model # AR316SD

- For maximum performance we recommend 90 PSI air pressure
- New production quality air riveter delivers a powerful pulling load of 2,600 lbs
- Can be used on aluminum, steel and stainless steel rivets up to 3/16"
- Specific components manufactured with high cost, super precise CNC deep hole drilling processes for extreme accuracy and tolerance
- Longer 20mm stroke sets rivets in one hit, increasing efficiency

TECHNICAL SPECIFICATIONS

Product Weight 3.3 lb (1.49 kg)
