ES303

LVT FLOOR CARE

Matte Floor Finish

- Designed for low, and no maintenance floors
- Protect and extend the life cycle of various flooring types providing a matte sheen to enhance appearance
- Formulated for maximum adhesion and works on LVT, LVP, VCT, Laminate, Marmoleum, Linoleum, Vinyl Sheet Goods & Rubber and most flooring surfaces

	ES303
APPEARANCE	Opaque White
ODOR	Characteristic
SOLUBILITY	N/A
RELATIVE DENSITY	1.02 - 1.03
pH	8 - 9
VISCOSITY	Water-like
SHELF LIFE	3 years

SIZES	
ES303-4	3.78 L (1.0 U.S. gallon)

DIRECTIONS

Recommended for use on all types of LVT, LVP, VCT, Laminate, Marmoleum, Linoleum, Vinyl Sheet Goods & Rubber and most flooring surfaces

RESTORATIVE MAINTENANCE:

1. Completely remove all old finish and soil from floor surface following strip procedure instructions on ES305 Top Scrub Stripper.
2. Floor surface must be clean, dry and free of residue before finish is applied. Rinse with clean water.
3. Apply finish in uniform, thin to medium coats using a clean synthetic finish mop, microfiber mop or applicator system.
4. Allow each coat to dry thoroughly before applying additional coats, usually 20-30 minutes.
5. Elevated temperatures, heavy coats and humidity may extend dry time. A minimum of 2 coats of finish is recommended.

Note: Many alternate flooring types may contain a factory finish that can affect coating adhesion performance. It is recommended to perform a top scrub with ES305 Top Scrub Stripper and a blue pad or equivalent before coating the floor.

ROUTINE MAINTENANCE:

1. Begin by sweeping large debris and dust mopping the area.
2. Proceed with damp mopping or using an automatic scrubber with ES304 Daily Surface Cleaner.

INTERIM MAINTENANCE:

1. Remove large debris and dust mop the floor.
2. Perform a top scrub using ES301 Rejuvenator Cleaner and Restorer with a blue pad or its equivalent to eliminate the top soiled layers of finish.
3. Ensure that the floor surface is clean, dry, and free of any residue prior to applying the finish. Apply 1 to 2 coats of fresh finish as per the instructions provided above

DISPOSAL

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

PERSONAL PROTECTION

Please refer to product label and SDS.
