

Power Fastening. Industrial Packaging. For Lumberyards & Hardware Dealers.

With nearly 70 years of experience serving construction customers, FSI has the knowledge and contacts to recommend the best mix of fastening products for our dealers. In addition, with access to well-known and reliable brands, the FSI team can provide you with the brands and products your market demands.

FSI's own EZ-Fit brand of fasteners, compressors and accessories is a great complement to the national brands we offer. By stocking both, our dealers benefit from the "best of both worlds" and can compete with the "big boxes" in terms of offering fastening products at multiple price points.

Local support. Product when you need it.

With sales personnel and branches strategically located throughout our 11-state "footprint," you can depend on FSI to provide expert advice and a reliable supply of the product you need. We also recognize the value of service after the sale – in terms of managing your inventories and assisting with pull-through to your customers. Our sales staff is ready to help with any or all of the following:

- Inventory management
- Shows & store events
- Joint calls with dealer sales personnel
- Product & application training
- In-Store Merchandising
- Tool Repair

FSI sales personnel or branch operations are located strategically in the following states:

Alabama	Kentucky	Oklahoma
Arkansas	Louisiana	South Carolina
Florida	Mississippi	Tennessee
Georgia	Missouri	Texas
Kansas	North Carolina	

Brands you know – From a company you can trust.
