ARCTIC ANIMAL COLLAGE

Explore the Arctic. Create with textures.

Create polar bears, penguins, seals, and snowy habitats with soft textures and layered paper.

Grade Level
K–5

Time Needed
35–50 minutes

Skills Developed
- Habitat learning
- Texture selection
- Creative composition

Inclusive Adaptations
- Use tactile habitat zones.
- Provide animal templates.
- Allow individual or group work.

Simple Steps!

1. Choose your animal and habitat.

2. Tear or cut paper for the background and habitat zones.

3. Add your animal using a template or your own design.

4. Add textures like cotton, tissue, or soft paper.

5. Add details and display your Arctic scene!

Different animals. Different textures. One amazing habitat!
