Blind & Low Vision Art Activities

Clay Animal Sculptures

Sculpt, explore, create!

Grades 1–8

45–60 minutes

3D Creation

Students sculpt animals, objects, or shapes using clay or modeling dough.

Adaptations

Provide sample models to touch.

Let students feel the shape, size, and details before creating.

Use verbal prompts.

Describe shapes, details, and steps to support understanding.

Allow extra creation time.

Give students enough time to explore and create.

Celebrate creativity. Support independence. Inspire confidence.
