Blind & Low Vision Art Activities

Nature Texture Collage

Explore nature through touch and creativity!

Grades K–6

30–45 minutes

Touch + Nature

Students use paper, textured materials, and found-object inspiration to create a nature-themed collage.

Adaptations

Use materials with strong texture contrast.

Offer materials that feel very different from each other.

Keep materials organized in trays.

Organization helps students find and explore independently.

Describe placement choices aloud.

Talking through choices builds confidence and understanding.

Celebrate creativity. Support independence. Inspire confidence.
