Blind & Low Vision Art Activities

Texture Exploration Boards

Explore with touch. Create with confidence.

Grades K–8
Inclusive for every learner.

35–50 minutes
Hands-on exploration and creation.

Texture Recognition
Feel, compare, and describe different textures.

Students compare and arrange tactile materials into a board they can explore by touch.

Every texture tells a story.
Feel it. Explore it. Share it.

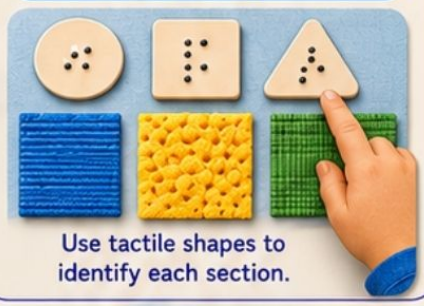

Adaptations

Use clearly different textures.

Choose textures that feel very different from each other.

Label sections with raised shapes.

Use tactile shapes to identify each section.

Let students explain texture choices.

Art is for everyone.
Create. Explore. Express.
