Fine Motor Development Activities

Bead Pattern Bracelets

Create patterns, build skills, and have fun!

Grades K–5

25–40 minutes

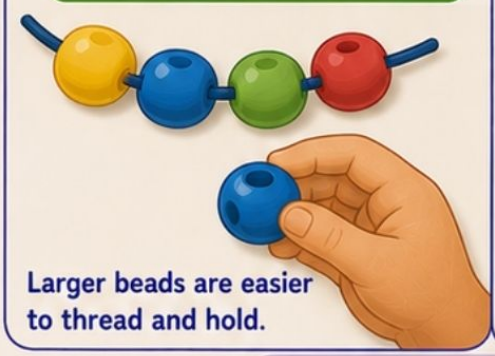

Threading + Patterns

Students create simple bead patterns while practicing sequencing and hand coordination.

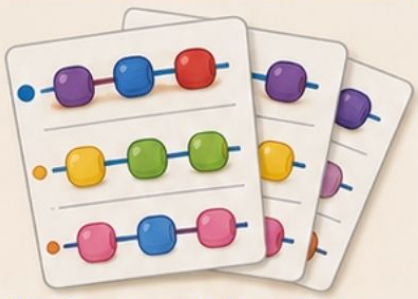

Adaptations

Use larger beads for younger students.

Larger beads are easier to thread and hold.

Provide pattern cards.

Visual patterns help students follow and create sequences.

Offer partner support.

Partnering builds confidence and fine motor skills.

♥ Small hands can do big things! Practice. Create. Celebrate! ♥
