Fine Motor Development Activities

Lacing Cards

Thread, create, and build essential skills!

Grades K–4

25–35 minutes

Hand-Eye Coordination

Students thread yarn, string, or pipe cleaners through punched card shapes.

Adaptations

Use large holes.

Large holes make it easier to thread and build success.

Use thick lacing materials.

Thick yarn or pipe cleaners are easier to grasp and control.

Start with simple shapes.

Simple shapes help students build confidence first.

Small hands today. Big skills tomorrow! Practice. Create. Celebrate!
