Flower Texture Garden

Create flowers with paper, felt, buttons, pom poms, and craft sticks.

Grade Level
PreK–5

Time Needed
30–50 minutes

Skills Developed
- Texture exploration
- Pattern building
- Fine motor skills

How to Create Your Flower Garden

1. Gather your materials.

2. Cut or choose petal shapes. Use pre-cut petals if needed.

3. Add texture with materials like felt, buttons, pom poms, or patterned paper.

4. Attach petals to a craft stick stem. Add leaves.

5. Display your texture garden and celebrate your creations!

Inclusive Adaptations

- Offer material choices.

- Use pre-cut petals.

- Allow flat or dimensional flowers.

Teacher Tips

- Encourage students to mix textures and colors.
- Talk about how different materials feel.
- Use the garden to practice patterns and sequencing.
- Celebrate each student's unique flower design!
