HISTORICAL LANDMARK BUILD

Build the past. Inspire the future.

Students build a landmark model while learning about history, geography, and design.

Grade Level
Grades 4–6

Time Needed
60–90 minutes

Skills Developed
- Research
- Spatial reasoning
- Presentation skills

Inclusive Adaptations
- Use tactile reference models.
- Offer simpler landmark templates.
- Allow group roles.

Simple Steps!

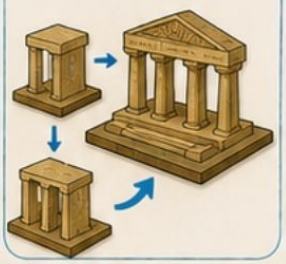

1. Choose a landmark and research.

2. Plan your model and design.

3. Build your landmark model.

4. Add details and make it accurate.

5. Present your landmark and share what you learned.

Learn from the past. Create for the future.
