

# RECYCLED ART CHALLENGE

**Reuse today. Create tomorrow.**

Students reuse craft scraps and classroom materials to create new artwork.

## Grade Level
Grades 4–6

## Time Needed
45–75 minutes

## Skills Developed
- Sustainability
- Problem solving
- Mixed media design

## Inclusive Adaptations
- Create material stations.
- Let students work individually or in teams.
- Offer dry-material-only options.

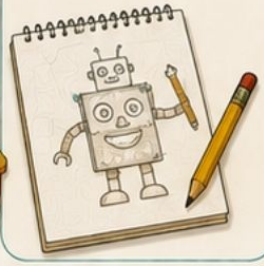

## Simple Steps!

1. Explore the material stations and choose your materials.

2. Plan your idea and sketch it if you'd like.

3. Build your artwork using recycled materials.

4. Add details, textures, and finishing touches.

5. Share your masterpiece and talk about your creative choices!

**Small choices. Big impact. Creative minds change the world!**
