Sensory Craft Activities

Introduction

Sensory craft activities encourage students to explore texture, color, movement, and hands-on materials in a creative way. Use this guide to plan tactile, low-mess, movement-friendly, and flexible projects for a wide range of learners.

Texture Exploration

- Felt Boards
- Foam Shape Collages
- Texture Rubbings
- Nature Collages

Low-Mess Activities

- Sticker Art
- Felt Story Boards
- Dry Material Collages
- Shape Sorting Art

Tactile Material Ideas

- Felt
- Foam
- Buttons
- Pom Poms
- Pipe Cleaners
- Modeling Clay
- Beads
- Fabric Scraps

Movement-Based Activities

- Collaborative Murals
- Large Paper Roll Drawings
- Floor Art Projects
- Group Wall Displays

Sensory Craft Activities

Classroom Tips

- Organize materials in trays
- Offer sensory choices
- Create quiet work zones
- Allow flexible participation
- Use visual instructions
