SIMPLIFY PRINTING—The easiest printing experience[1] in a compact, quiet design

- Speed up your printing process with radically simple solutions such as HP Click software and HP Click Driver[2] for the easiest printing experience.[1]
- Front-operated access to media, inks, and prints helps keep work moving with less effort.
- Fits your workplace with the most compact footprint and quietest operation, with up to 87% less noise.[3]
- Collaborate on the latest drawing. With HP Build Workspace[4] Version Control, enable QR-linked access to a single, validated version to sync physical drawings with the latest cloud update.

MAXIMIZE PRODUCTIVITY—Fast printing and the most advanced print stacking[5]

- Cut out unproductive tasks with the most advanced, fully integrated automatic print stacking[5]—handling up to 100 pages at a time.
- Provide the highest accuracy and finest details with the unique Adobe PDF Print Engine.[6]
- Meet deadlines with fast speeds, up to 180 D/hr[7], with single- or dual-roll options[8] for continuous printing.
- Showcase design versatility—from precise line drafts to boldly colored 3D renders—with HP Bright Office Inks.

TRUSTED PROTECTION—World-class printer protection with HP Wolf Pro Security[9]

- Safeguard your device from attacks by validating the integrity of your firmware and BIOS with allowlisting and HP Secure Boot.
- Control who accesses the printer and its confidential documents with secure user authentication.
- Ensure end-to-end data protection with advanced encryption, including TLS 1.3 and IPsec.

Messaging Footnotes

[1] Based on a competitive comparison of the HP Click Driver and comparable competitive printer drivers that represent the majority of the market share as of 2026 according to IDC. The HP Click driver performs all steps in one: providing an interactive print preview, PDF error detection with warnings, and print settings all together, unlike competitors, which are not integrated. The comparison was performed by Sogeti in April 2026.
[2] HP Click App is compatible with Windows and Mac. HP Click Driver is compatible with Windows 11 only. HP Click software is only compatible with Original HP ink supplies. Applicable to PDF, JPEG, TIFF, and HP-GL/2 files.
[3] Based on comparable large-format inkjet printers under $12,000 (USD) as of April 2026. IDC figures show that Canon, Epson, and HP combine for 98% share of this printing category worldwide as of Q4, 2025. Most compact footprint calculated using all devices in "Operation mode" with an Open Basket and the arm of the Screen (front panel) spread out to enable user interaction. Most quiet according to internal HP testing of sound pressure level during operating mode (plain paper, line drawing, Normal mode) compared to published specification of competitive printers. Percentage calculations of noise based on lineal units vs. Canon imagePROGRAF TX-3200 published spec of 51dB(A) and Epson SureColor T5770D published spec of 49.6 dB(A).
[4] HP Build Workspace, the first solution to offer cloud-based AI Vectorization to convert raster drawings into working CAD files, specifically designed for architects.
[5] Based on all comparable large-format inkjet printers under $12,000 (USD) as of April 2026 and based on published product specifications, the HP DesignJet T1600 Plus Edition includes a fully integrated output stacking system as part of the device design. The output basket/bin offered for the Canon imagePROGRAF TX-3200 is an optional accessory that is not integrated into the printer structure and requires the user to change the position of the stacker depending on the size of the printed materials. No stacking system or stacking accessory is available for the Epson SureColor SC-T5770DM.
[6] Requires purchase of the HP DesignJet T1600 Plus Edition Printer Series or optional HP DesignJet PostScript/PDF Upgrade Kit. Highest accuracy and finest details compared to printers without the embedded Adobe technology excluding RIP users, and based on internal HP testing with PDF files containing special fonts, PANTONE® colors, smooth shading, overprint, and transparencies that can only be reproduced using the Adobe PDF Print Engine. The Adobe PDF Print Engine (APPE) is Adobe's high speed, high fidelity print platform. To learn more, visit https://www.adobe.com/products/pdfprintengine.html .
[7] Mechanical printing time. Printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (bond) and Original HP inks.
[8] Dual rolls included with HP DesignJet T1600dr Plus Edition Printer Series only.
[9] HP Wolf Pro Security includes various HP security features and is available on the HP DesignJet T850/XT950 plotter series, HP DesignJet Smart Tank T858/T908/T918 printers, HP DesignJet T1600 plotter series, HP DesignJet T2600 multifunction plotter series, HP DesignJet T1700 plotter series, HP DesignJet Z9+ Pro printer, HP DesignJet Z6 Pro printer, HP DesignJet Z9+ PostScript® printer series, HP DesignJet Z6 PostScript® printer series, HP DesignJet XL 3600 multifunction printer series, and HP PageWide XL & Pro printers.
